Summa Theologica Literally Transl By Fathers Of English Dominican Province Vol 4 Only Of 5:

The Meaning and End of Religion Wilfred Cantwell Smith, 1991 Wilfred Cantwell Smith maintained in this vastly important work that Westerners have misperceived religious life by making religion into one thing. He shows the inadequacy of religion to capture the living endlessly variable ways and traditions in which religious faith presents itself in the world.

Mind, Method, and Morality John Cottingham, Peter Hacker, 2010-01-07 16 philosophers offer specially written essays on the themes of mind, method, and morality in the work of Aristotle, Aquinas, Descartes, and Wittgenstein. These themes reflect the contribution of Anthony Kenny to our understanding of the Western philosophical tradition and of these thinkers in particular.

Aquinas and Modernity Shadia B. Drury, 2008-05-16 In this startling book Drury overturns the long standing reputation of Thomas Aquinas as the most rational exponent of the Christian faith. She reveals that Aquinas as one of the most zealous Dominicans, Domini Canes or Hounds of the Lord. The book contains incisive criticisms of Aquinas's reconciliation of faith and reason, his defense of papal supremacy, his justification of the Inquisition, his insistence on the persecution of Jews, and his veneration of celibacy. Far from being an antiquarian exercise, Drury shows why the study of Aquinas is relevant to the politics of the twenty-first century where the primacy of faith over reason has experienced a revival. The current pope, Benedict XVI, relies heavily on Aquinas when prescribing cures for the ills of modernity. For Drury, religion is as incompatible with political moderation and sobriety in our time as it was in the thirteenth century. This is why she defends a secular version of Aquinas's theory of natural law—a theory that he betrayed in favor of what she calls the politics of salvation.

Letter & Spirit, Vol. 7 Fr William Kurtz, Stephen M. Hildebrand, Owen M. Phelan, 2012-07 This is the seventh annual volume of the remarkably popular journal of biblical theology edited by Scott Hahn and his St Paul Center for Biblical Theology. This volume responds to the call of Pope Benedict XVI in his Apostolic Exhortation *Verbum Domini* for a thoughtful return to the Fathers of the Church and how they approached Sacred Scripture. This is not in any way to jettison historical critical methods and the valuable insights that modern biblical scholarship has brought to light. It is simply to acknowledge what Pope Benedict calls for: a measured return to the interpretive methods employed by the Church Fathers as well as the theology that flowed from their exegetical labors. As he said, "The Church Fathers present a theology that still has great value today because at its heart is the study of sacred Scripture as a whole. Indeed, the Fathers are primarily and essentially commentators on sacred Scripture." Highlights include original articles by Fr William Kurtz SJ, Matthew Levering, Father Stephen Ryan OP, Stephen Hildebrand, Owen Phelan, and Michael Barber, as well as an original translation of Joseph Ratzinger's Pope Benedict XVI foundational essay *Vicarious Representation* by Father Jared Wicks SJ.

Anscombe's Moral Philosophy Duncan Richter, 2010-11-19 G. E. M. Anscombe (1919–2001) was one of the most important, outspoken, and misunderstood philosophers of the twentieth century. More than anyone else, she revived virtue ethics and the philosophy of action. She was also almost alone in publicly opposing Oxford University's decision to award an honorary degree to President

Truman She regarded his decision to authorize bombing Hiroshima and Nagasaki as murderous Some liberals admire her for this stand but conservatives also admire her for her opposition to abortion contraception and same sex marriage Clearly her values were not those of her times This led her to reflect on the differences producing such works as Modern Moral Philosophy in which she rejected all modern theories of ethics In this paper she coins the term consequentialism to describe the dominant view which she rejects that what matters morally is the results of what one does Put crudely the ends can justify the means If enough lives can be saved by targeting civilians then civilians should be targeted Against this Anscombe insisted that certain actions are forbidden which prompted her interest in the nature of action and its relation to a person's character Whether one agrees with her or not these are all issues that continue to be relevant and on which Anscombe's views are always strong and intelligently defended Her presentation of these views unfortunately is often dense and they are often badly misunderstood even by some very able minds Anscombe's Moral Philosophy clarifies what Anscombe thought about ethics showing how her different ideas connect and how she supported them It also evaluates her reasoning showing that it is stronger in some parts than in others The five main chapters of the book deal in turn with her work on military ethics including the so called doctrine of double effect her rejection of consequentialism her attack on the modern atheist notion of moral obligation her analysis of intention and its relevance for ethics and

The Ethical Legitimization of Criminal Law Krzysztof Szczucki, 2022-05-09 When creating the norms of criminal law the legislator should strive for their compatibility with the principle of human dignity while taking into account the ethical legitimacy of criminal law This thesis is the axis around which The Ethical Legitimization of Criminal Law is constructed Szczucki shows that criminal law is like a suit to be a perfect fit it has to be tailor made That is why he argues for three points of reference to guide moral evaluation of criminal law first the coherence of the legal system second the will of the legislator and third the virtues of citizens Only by analyzing these concepts together in the context of legal culture can one answer the question of what makes good criminal law The book concludes that an ethical perspective in analyzing grounding and evaluating criminal law is inevitable Appealing to researchers scholars and professionals from across the criminal and legal spectrum this book explores fundamental questions about the nature of ethical perspective in legal analysis

Church and School in Early Modern Protestantism Jordan Ballor, David Sytsma, Jason Zuidema, 2013-08-08 A great deal of scholarship has too often juxtaposed scholasticism and piety resulting in misunderstandings of the relationship between Protestant churches of the early modern era and the theology taught in their schools But more recent scholarship especially conducted by Richard A Muller over the last number of decades has remapped the lines of continuity and discontinuity in the relation of church and school This research has produced a more methodologically nuanced and historically accurate representation of church and school in early modern Protestantism Written by leading scholars of early modern Protestant theology and history and based on research using the most relevant original sources this collection seeks to broaden our understanding of how and why clergy

Letter & Spirit, Vol. 11: "Our Beloved Brother Paul" - Reception History of Paul in Catholic Tradition St. Paul Center for Biblical Theology, Ben Blackwell, Benjamin Blosser, Daniel Keating, Matthew Levering, John Kincaid, Ian Christopher Levy, Andrew Swafford, Matthew Ramage, Brant Pitre, 2016-09-01 **Evangelical Bible Doctrine**

State Liability and the Law Bartłomiej Wróblewski, 2023-03-21 This book explores the historical foundations of holding public authorities accountable for their acts and discusses how and why the idea that the state should or should not be held liable became established in three significant jurisdictions The issue of state liability for legislative acts is considered one of

the most difficult and controversial problems in jurisprudence This book analyses the development of concepts and institutions of liability for the acts of legislator pertaining to the general principles of state liability until the mid 20th century in the leading European legal systems Germany France and Great Britain It is shown that in contrast to the prevailing conviction the lack of liability for law making instruments was not an unassailable dogma and that questions as to whether such liability was possible were being asked from the Middle Ages onwards The book will be a valuable resource for academics and researchers in the areas of Constitutional Law Public Law History of Law History of Legal and Political Thought Philosophy of Law and Comparative Legal Studies

Canon 1096 on Ignorance with Application to Tribunal and Pastoral Practice Girard M. Sherba, 2001 Before Vatican II marriage was often considered or at least popularly expressed as a union of bodies that is to say marriage was an exclusive contract by which a man and a woman mutually handed over their bodies for the purpose of acts which led to the procreation of children Matrimonial jurisprudence was primarily focused on this marital contract With the advent of Vatican II and its emphasis on the personalist notion of marriage a new age dawned whereby canonists especially auditors of the Roman Rota were henceforth to view marriage as a union of persons Person is more than a body rather a person is an individual consisting of wants needs desires impulses hopes and dreams whose life experience has been shaped by the milieu cultural familial religious from which he or she comes Union is not only simply understood as a contract but also is now once again recognized as a covenant a concept which at least in the Latin Church was prevalent until the 12th century One of the canons of the 1983 CIC although almost identical in wording to its predecessor in the 1917 CIC but which now must be understood and interpreted in light of the teachings of Vatican II is canon 1096 which pertains to the effect of ignorance on matrimonial consent Given the current appreciation of marriage founded in the teachings of Vatican II especially in *Gaudium et spes* reiterated by Popes Paul VI and John Paul II and described in the Catechism of the Catholic Church complicated by today's western society's stress on individualism and permeated by a divorce mentality what is the impact of this canon on matrimonial consent How can its meaning once understood as being wider than merely the sexual act itself be better utilized by those in tribunal ministry This is the major thrust of the present work The research of the history and development of the concept of ignorance in canonical writings how its understanding broadened especially after Vatican II and our conclusions on how to apply its richness to marriage nullity led us to expand the use of this canon how it can aid in the development of pre marital preparation programs which would not only possibly help prevent couples from being ignorant of the essence of marriage but also help them to appreciate this richness more deeply in their own lives so that marriage truly can become as we read in canon 1055 a partnership of the whole of life which is ordered by its nature to the good of the spouses and the procreation and education of offspring It is our sincere hope that this study with its extensive footnotes and up to date bibliography will not only be of benefit to all who read it but also will serve as a spring board for further discussion and use of this canon as a ground for nullity and other pastoral
