Socio-Economic Transformation of Rural Areas Joanna Kosmaczewska, Walenty Poczta, 2021-05-24. This book aims to fill a gap in the current literature by tracing the rural transformation process and the development of rural tourism functions in Poland over the last 30 years. It examines the socioeconomic transformation between 1989 and 2019 that resulted in the formation and development of Polish rural tourism and the various practices associated with it. This timely topic is addressed in a central and eastern European context and sparks interest in further in-depth analysis due to the diversity and magnitude of the transformation processes undertaken by the Polish rural areas. Since Polish rural areas constitute as much as 30% of the total rural areas in all new European Union member states, this book adds value through an in-depth statistical analysis of the pace of socioeconomic changes in Polish rural areas. It delves into the creation and consumption of tourism services locally as well as the impact of global trends on the development of rural tourism in Poland. This book will be of interest to economists, sociologists, political scientists, and postgraduate students across eastern and central Europe who deal with rural tourism issues. **Commerce Today**, 1971. Asian Highlands Perspectives Volume 22 Yin Dalong, 2013-08-26. Children in

contemporary rural China have experienced an unprecedented moment amid radical economic and social transformations that have sent their parents to urban centers to earn cash income; children have been left behind to live with older relatives. This fundamental redefining of place, parenting, and living has rarely been written about by the children themselves in English. Set in rural Hunan in the late twentieth and early twenty-first centuries, this novel vividly describes farm production, the shift from an agricultural way of life to a life financially supported by migrant labor earnings, local religious life, Huagu opera, education, complex and violent relationships between family members and villagers, the deaths of the protagonist's Maomao mother and paternal grandmother, a wedding, funerals, and local festivals from the perspective of a child. Refusing to drop out of school and become a migrant worker or a soldier, Maomao eventually achieves his dream of becoming a university student against all odds. This unvarnished and vividly written description of a contemporary rural life in China is uniquely important and appealing to a broad readership. Catalog of Copyright Entries Library of Congress.
