Summer Party A Methuen New Theatrescript:

The Summer Party Stephen Poliakoff, 1980 **The Methuen Drama Dictionary of the Theatre** Jonathan Law, 2013-12-16 The Methuen Drama Dictionary of the Theatre is an essential reference tool and companion for anyone interested in the theatre and theatre going. Containing over 2500 entries it covers the international spectrum of theatre with particular emphasis on the UK and USA. With biographical information on playwrights, actors and directors, entries on theatres and theatre companies, explanation of technical terms and theatrical genres and synopses of major plays, this is an authoritative, trustworthy and comprehensive compendium. Included are synopses of 500 major plays, biographical entries on hundreds of playwrights, actors, directors and producers, definitions of nearly 200 genres and movements, entries on over 100 key characters from plays, information about more than 250 theatres and companies. Unlike similar products, The Methuen Drama Dictionary of the Theatre avoids a dry technical approach with its sprinkling of anecdotal asides and fascinating trivia, such as how Michael Gambon gave his name to a corner of a racing track following an incident on BBC's Top Gear programme and under advice to actors the sage words of Alec Guinness: First wipe your nose and check your flies and the equally wise guidance from the master of his art Noël Coward: Just know your lines and don't bump into the furniture. As a companion to everything from the main stage to the fringes of theatrical fact and folklore, this will prove an irresistible book to all fans of the theatre. **Drama**, 1986 *The Methuen Drama Guide to Contemporary American Playwrights* Christopher Innes, Peter Paul Schnierer, Martin Middeke, Matthew C. Roudané, 2013-12-19 Unrivalled in its coverage of recent work and writers, The Methuen Drama Guide to Contemporary American Playwrights surveys and analyses the breadth, vitality and development of theatrical work to emerge from America over the last fifty years. This authoritative guide leads you through the work of 25 major contemporary American playwrights, discussing more than 140 plays in detail. Written by a team of 25 eminent international scholars, each chapter provides a biographical introduction to the playwright's work, a survey and concise analysis of the writer's most important plays, a discussion of their style, dramaturgical concerns and critical reception, a bibliography of published plays and a select list of critical works. Among the many Tony, Obie and Pulitzer prize-winning playwrights included are Sam Shepard, Tony Kushner, Suzan-Lori Parks, August Wilson, Paula Vogel and Neil LaBute. The abundance of work analysed enables fresh, illuminating conclusions to be drawn about the development of contemporary American playwriting. The Methuen Drama Book of Trans Plays Volume 2 Leanna Keyes, Lindsey Mantoan, Angela Farr Schiller, 2025-08-21 This anthology is special: a book of trans plays about trans life as it is actually materially lived in time and space. Theatre Survey on Volume 1, The Methuen Drama Book of Trans Plays Volume 2 offers eight new plays by trans playwrights centering trans characters, trans life and gender diversity. Curated via an open submission policy, this book brings together dramatic works that feature nuanced, authentic and wonderfully messy representations of gender, race and sexuality. Alongside the full scripts, all of which are published here for the first time, this

anthology series also includes a wide range of critical essays to inspire deeper understanding of the works playwrights and interventions these plays make in the theatrical ecology *Cercle Hermaphrodites* by Shualee Cook *Red Rainbow* by Azure D Osborne Lee *Degenerates* by Else Went *Close to Home* by Sharifa Yazmeen *The Bugs* by Sloka Krishnan *The Skin of Other Men* by Fig Lefevre *Oh Buddy* by Hal Cosentino *Gender Play or what you Will* co created by Will Wilhelm and Erin Murray Edited by Leanna Keyes Lindsey Mantoan and Angela Farr Schiller the plays and companion essays in this anthology explicitly call for expansive approaches to trans characters themes and aesthetics in order to promote opportunities for trans artists making this an original and necessary publication for both practical use and academic study *New Theatre Quarterly* 29: Volume 8, Part 1 Clive Barker, Simon Trussler, 1992-02-13 One of a series discussing topics of interest in theatre studies from theoretical methodological philosophical and historical perspectives **How the World Began** Catherine Trieschmann, 2013-10-16 Sharp thoughtful and mysterious *How the World Began* is a powerful story about an outsider in a close knit devastated community Susan a science teacher from Manhattan starts work in a small rural Kansas town that's been ripped apart by a tornado When one of her pupils the damaged articulate Micah takes offence at an off the cuff remark about how life on Earth began Susan is thrown into an ethical firestorm about science and faith that leads to her fearing for her safety Casting light on the tension between religion and secular liberalism *How the World Began* explores the debate between creationism and evolution and how this is taught in schools With hints of American classics like *Inherit the Wind* and *The Catcher in the Rye* the play traces the inexorable fatalistic momentum from a single casual act into an all encompassing dispute A dispute which then threatens the very foundations of a community still reeling from a colossal disaster In addition to its relevant and complex themes the play is also about human psychology and what drives people to extreme ideological positions in times of duress With writing which is provocative moving and intelligent Catherine Trieschmann asks important questions alongside in depth character studies This shrewd and compassionate drama is astute perceptive and controversial **The Methuen Drama Handbook of Women in Contemporary British Theatre** Marissia Fragkou, Rebecca Benzie, 2025-02-06 This handbook provides a detailed exploration of the rich and diverse theatrical work produced by women in the first two decades of 21st century British theatre The book explores key issues and methodologies relevant to women working in the UK's theatre industry including the legacies of feminism and its role in shaping contemporary work by women the politics of visibility and inclusion in theatrical institutions and collaborative strategies in creating original work It closely examines how women in contemporary British theatre tackle urgent social issues such as environmental risk the representation of marginalized identities and mental and physical wellbeing Chapters by both established and early career scholars from a variety of international contexts present new perspectives on significant questions and issues underpinning women's work in 21st century British theatre by engaging with contemporary debates from theatre and performance studies and cultural theory A concluding roundtable with women theatre practitioners

Late Nineteenth and Early Twentieth-century British Literary Biographers Steven Serafin,1995 Designed to introduce the lives and works of those individuals who influenced the development of genre in accepting that the biographer can create a work of truth and pleasure by merging scholarship with creativity thus establishing biography as a literary art **Favourite Nights & Caught on a Train** Stephen Poliakoff,1982 Set in parts of the West End that few of us ever see a strange surreal landscape of gambling casinos with piped muzak and seedy language schools which offer foreign businessmen English lessons by day and escort girls for the evening **New Theatre Quarterly 36: Volume 9, Part 4** Clive Barker,Simon Trussler,1993-12-16 One of a series discussing topics of interest in theatre studies from theoretical methodological philosophical and historical perspectives **Play World** James E. Combs,2000-09-30 Should we take the idea of play seriously Since the publication of Huizinga's *Homo Ludens* in 1938 a provocative literature has developed in philosophy and social science that does Combs argues that we should understand play both as a generic concept with considerable power to explain human activity and as a contemporary concept that demystifies some of the puzzling trends and innovations emerging in the quickly developing new social world of the 21st century Combs explores the thesis that play has a central role in our understanding of human activity and social and political organization in the new millennium He argues that the human desire for play is strong and given the continuation of certain major historical innovations now shaping the world it may well be that 21st century people will increasingly exercise their desire for play and that the world will increasingly be organized around the principle and practice of play It may now seem a truism that people prefer to have fun but that has not always been the case If as Combs argues the preference for fun is becoming central to human activity we need to explore why that preference is becoming dominant and what kind of social organization and consequences such a change entails A provocative look at social change in the 20th century that will be of interest to scholars students and researchers of sociology and anthropology

Transformations Helen Schwartzman,2012-12-06 Writing a book about play leads to wondering In writing this book I

wondered first if it would be taken seriously and then if it might be too serious Eventually I realized that these concerns were cast in terms of the major dichotomy that I wished to question that is the very pervasive and very inaccurate division that Western cultures make between play and seriousness or play and work fantasy and reality and so forth The study of play provides researchers with a special arena for re thinking this opposition and in this book an attempt is made to do this by reviewing and evaluating studies of children's transformations their play in relation to the history of anthropologists transformations their theories While studying play I have wondered in the company of many individuals I would first like to thank my husband John Schwartzman for acting as both my strongest supporter and as an anthropological colleague my severest critic His sense of nonsense is always novel as well as instructive I am also very grateful to Linda Barbera Stein for her Sherlock Holmes style help in locating obscure references checking and cross checking information and patience and persistence in the face of what at times appeared to be bibliographic chaos I also owe special thanks to my teachers of anthropology Paul J Bohannon Johannes Fabian Edward T Hall and Roy Wagner whose various orientations have directly and indirectly influenced the approach presented in this book
