Penguin Readers Level 5: This Summer's Secrets (ELT Graded Reader) Emily Barr, 2025-02-27 Penguin Readers is an ELT graded reader series for learners of English as a foreign language. With carefully adapted text, new illustrations and language learning exercises, the print edition also includes instructions to access supporting material online. Titles include popular classics, exciting contemporary fiction and thought-provoking non-fiction, introducing language learners to bestselling authors and compelling content. The eight levels of Penguin Readers follow the Common European Framework of Reference for language learning (CEFR). Exercises at the back of each Reader help language learners to practise grammar, vocabulary and key exam skills. Before, during and after reading, questions test readers' story comprehension and develop vocabulary. This Summer's Secrets, a Level 5 Reader, is B1 in the CEFR framework. The text is made up of sentences with up to four clauses, introducing present perfect continuous, past perfect reported speech and second conditional. It is well supported by illustrations which appear regularly. It's a hot summer in Cornwall. When 16-year-old Senara Jenkins and her friends lose their drone in the garden of Cliff House, they discover that it is full of secrets. As Senara meets a world of beautiful rich people, her life changes. But should some secrets stay secret? Visit the Penguin Readers website. Exclusively with the print edition, readers can unlock online resources including a digital book, audio edition, lesson plans and answer keys. Highlights of this captivating book include features such as comprehensive explanations of how seasonal changes like spring rains and winter winds affect bird habits and behaviors in the backyard, hints and tips for attracting birds by offering what they need in each season such as crushed eggshells when mother birds need extra calcium for egg-laying, Snazziest Stars and Supporting Cast, which birds can be attracted in which seasons, Cheat Sheets for Migration when to expect various migratory visitors, interesting insight into feeding routines, courtship and mating rituals and nesting areas to create a hospitable habitat, Build or Buy quick and easy birding projects.
