## Sun Angel:

Extinct Birds Julian P. Hume, 2017-08-24 A comprehensive review of the hundreds of bird species that have become extinct over the last 1 000 years of habitat degradation over hunting and rat introduction Extinct Birds has become the standard text on this subject covering both familiar icons of extinction as well as more obscure birds some known from just one specimen or from travellers tales This second edition is expanded to include dozens of new species as more are constantly added to the list either through extinction or through new subfossil discoveries The book is the result of decades of research into literature and museum drawers as well as caves and subfossil deposits which often reveal birds long gone that disappeared without ever being recorded by scientists while they lived From Great Auks Carolina Parakeets and Dodos to the amazing yet almost completely vanished bird radiations of Hawaii and New Zealand via rafts of extinction in the Pacific and elsewhere this book is both a sumptuous reference and astounding testament to humanity s devastating impact on wildlife

**Ficino in Spain** Susan Byrne,2015-01-01 As the first translator of Plato s complete works into Latin the Florentine writer Marsilio Ficino 1433 99 and his blend of Neoplatonic and Hermetic philosophy were fundamental to the intellectual atmosphere of the Renaissance In Spain his works were regularly read quoted and referenced at least until the nineteenth century when literary critics and philosophers wrote him out of the history of early modern Spain In Ficino in Spain Susan Byrne uses textual and bibliographic evidence to show the pervasive impact of Ficino s writings and translations on the Spanish Renaissance Cataloguing everything from specific mentions of his name in major texts to glossed volumes of his works in Spanish libraries Byrne shows that Spanish writers such as Miguel de Cervantes Lope de Vega Bartolom de las Casas and Garcilaso de la Vega all responded to Ficino and adapted his imagery for their own works An important contribution to the study of Spanish literature and culture from the fifteenth to the seventeenth centuries Ficino in Spain recovers the role that Hermetic and Neoplatonic thought played in the world of Spanish literature
