

A romantic couple is shown in a heart-shaped frame, which is superimposed over a background image of a farm. The man, wearing a light green shirt, dark suspenders, and a wide-brimmed hat, is looking at the woman. The woman, with long red hair and wearing a teal dress, is looking back at him. They are sitting on a wooden fence. The background features rolling green hills, a barn, and a horse grazing in a field under a blue sky with white clouds. The sun is low on the horizon, creating a warm, golden glow.

Sun Sea And Boys Follow Your Heart Romance:

Sun, Sea and Boys Caroline B. Cooney, 1984-02-01 The reader's choices will determine what adventures and romance will occur at a wilderness camp in Maine or a band trip to New York City **The 100 Most Popular Young Adult Authors** Bernard A. Drew, 1997-10-15 The book focuses on individuals writing in the 90s but also includes 12 classic authors e.g. Mark Twain Louisa May Alcott J.R.R. Tolkien who are still widely read by teens It also covers some authors known primarily for adult literature e.g. Stephen King and some who write mainly for middle readers but are also popular among young adults e.g. Betsy Byars An affordable alternative to multivolume publications this book makes a great collection development tool and resource for author studies It will also help readers find other books by and about their favorite writers **The Romantic Spirit** Mary June Kay, 1984 **Caroline Cooney** Pamela S. Carroll, 2001 Cooney's large body of work for adolescents defies easy classification She has written award winning adventure suspense romance family mystery and historical fiction as well as action driven horror stories and a time travel trilogy Her purpose in some books most notably horror like *The Perfume* is just to encourage reluctant readers to enjoy literature However in her most serious and artistic books Cooney relies on a source that is likely to surprise her readers biblical stories and parables For example readers can find the seed of the idea that eventually became *Whatever Happened to Janie* in the story of King Solomon's wisdom when he was asked to decide which of two women both of whom claimed to be mother of an infant should be recognized as the true mother The parable of the Good Samaritan provides a backdrop in several of Cooney's most successful novels Cooney's understated use of biblical stories and the way her Christian faith subtly informs her fiction are explored in the book The organization of the text reflects Cooney's major fiction categories the Janie mysteries romances catastrophe novels horror and suspense novels the time travel trilogy and her historical fiction Representative books are discussed in detail within each chapter Although most of the text is devoted to critical analysis of her literary work and of the intersection of fiction and faith in her novels Cooney's biography is also presented within the frame of her life as a single mother of grown children The influences of her talents as an organist who played regularly for her church the lessons she has learned from her children when they were teenagers and life experiences that have led her to consider issues of race and gender are examples of issues that are discussed For children's and YA libraries and students of children's literature *The Horn Book Magazine* Bertha E. she wasn't a sailor never would be and that she was in no way capable of such an undertaking She believed that the ocean was out to get her that weather needed to be battled with and that she would forever be ruled by anxieties that plagued her Woven into the narrative of the journey's progression are stories from Kit's childhood and life before the voyage explaining her battles with anxiety and the feelings of being lost as a graduate in post recession Britain The book also relays her struggle with reconciling a life of travel with the expectations and experiences of those back home at an age when most of her contemporaries were starting corporate careers and families In her courage to leave everything she knows behind she learns the history of the islands and their people swims with turtles explores strange cave systems and learns to forage for food straight from the sea But she also encounters hardships like running out of food and water battling against storms trying not to be struck by lightning and discovering the crippling loneliness of sailing an ocean for months on end Sailing back to the UK after three years Kit realises the colossal difference that sailing has made to her life and understanding of the world She ponders how easy it is not to do something to protect ourselves from risks and ridicule and everything that makes us uncomfortable But now appreciates that it is only when we take the risk that we get the reward and that we connect not just with the world at large but also with ourselves
