A Short Story Collection

Sundown At Dawn A Liberian Odyssey

Lawrence D. Taplah

Sundown At Dawn A Liberian Odyssey:

Sundown at Dawn Wilton Sankawulo, 2005-02-01 Against overwhelming odds a young Liberian Dougba Senfenui Jr of the native Kpelle tribe seeks an education both for himself and for his people He ends his life in jail due to the prevailing corruption jealousy and political chicanery of his country Dougba discovers that salvation for Liberia will only come from heroes whose sole concern is the welfare of their people Set in postwar Liberia the novel gives insight into Liberian and Kpelle culture politics and society

The Novels of Wilton Sankawulo Robert Brown, 2014-10-08 In the first chapter of this monograph Dr Robert H Brown tries to lay the groundwork by discussing some of the problems of writing in Liberia and prospects for Liberian writers Then he lists in chronological order some of the works published by Liberian writers as evidential proof that there is a paucity of creative fiction in Liberia In three subsequent chapters he undertakes a critical study of Wilton Sankawulo's *The Rain and the Night* *Sundown at Dawn* *A Liberian Odyssey* and *Birds Are Singing* The chapters situate Wilton Sankawulo's creative fiction in its proper context revealing the currents of indigenous Liberian thought that run through it and tracing the connections that link the novels to a new development in his thinking Indeed however dissimilar in titles *The Rain and the Night* *Sundown at Dawn* *A Liberian Odyssey* and *Birds Are Singing* to some extent share tone setting and ambience that characterize the current moment of Liberia's history as a turning point Despite their minor grammatical infelicities and stylistic ineptitude the three novels are set to become classics in the canon of African literature

Liberia, a Bulwark of Rage Lawrence D. Taplah, 2015-06-23 This is about racial profiling in Liberia and I feel it would be suitable for everybody to know about Throughout the existing accusatory writing sometimes Liberians and foreigners have dominant thought about whether racial profiling is ingrained in the people The founding of Liberia has exalted the descendants of American black free slaves at the expense of descendants of African natives The accusation of manipulation by each group has intensified the divisiveness of Liberians Such outflow of hostility has amounted to many wars and the interlocking system to belong in a group for an identity I want Liberians and non Liberians to read my book for the capsule of racial profiling which started in 1821 by agents of the American Colonization Society during an undetermined event and into the twenty first century

Russell Banks Kevin T. McEneaney, 2010-06-16 This book provides comprehensive up to date commentary and critical guidance on the writings of Russell Banks Despite being a globally successful writer who has been published for over 30 years and is credited with two successful movies based on his work there is but one prior study of Russell Banks's work in English which is now nearly a decade old Russell Banks *In Search of Freedom* offers the only modern complete commentary on his work and establishes Banks as one of the leaders in the postmodern neorealist tradition of American fiction This critical guide contains a brief biography of Banks describing the details of his life that shaped his philosophies plot themes and settings such as New England and the Caribbean Russell Banks then illustrates how Banks moved beyond his working class origins and explored problems in race communication sexual and family relations religion

popular culture landscape and more recently the upper class The final chapter explains Banks's unique vision of American history and liberty

Culture and Customs of Liberia Ayodeji Olukoju, 2006-03-30 Liberia has a strong connection to the United States in that it was founded by former slaves in 1822 Although Liberia had existed as an independent African nation and a symbol of hope to the African peoples under the rule of various colonial powers its recent history has been bedeviled by a prolonged upheaval following a military coup d'etat in 1980 In this context the narrative highlights the distinctiveness of Liberians in their negotiation of traditional indigenous and modern practices and the changes wrought by Christianity and Western influences

Africa Toyin Falola, Daniel Jean-Jacques, 2015-12-14 These volumes offer a one stop resource for researching the lives customs and cultures of Africa's nations and peoples Unparalleled in its coverage of contemporary customs in all of Africa this multivolume set is perfect for both high school and public library shelves The three volume encyclopedia will provide readers with an overview of contemporary customs and life in North Africa and sub Saharan Africa through discussions of key concepts and topics that touch everyday life among the nations peoples While this encyclopedia places emphasis on the customs and cultural practices of each state history politics and economics are also addressed Because entries average 14 000 to 15 000 words each contributors are able to expound more extensively on each country than in similar encyclopedic works with shorter entries As a result readers will gain a more complete understanding of what life is like in Africa's 54 nations and territories and will be better able to draw cross cultural comparisons based on their reading

Liberia United States. Central Intelligence Agency, 1987

Liberia Frank Sherman, 2011 This work is a general introduction to Liberia It is comprehensive in scope covering a wide range of subjects from a historical and contemporary perspective It is intended for members of the general public But some members of the academic community may also find this work to be useful in their fields Subjects covered include an overview of the country and its geography including all the regions known as counties and the different ethnic groups who live there The work is also a historical study of Liberia since the founding of the country by freed black American slaves One of the subjects covered in the book is the conflicts including wars the new black American settlers had with the indigenous people The freed slaves who together with their descendants came to be known as Americo Liberians dominated the country and excluded the indigenous people from the government and other areas of national life for almost 160 years until the Americo Liberian rulers were overthrown in a military coup in 1980 It was one of the bloodiest military coups in modern African history The soldiers who overthrew the government were members of native tribes and were hailed as liberators by the indigenous people who had been dominated and had suffered discrimination at the hands of Americo Liberians throughout the nation's history Some of them were even sold into slavery in Panama by the Americo Liberian rulers in the 1930s prompting an investigation of the labour scandal by the League of Nations Others were forced to work on various projects within Liberia itself and became virtual slaves in their own country Americo Liberians saw the natives as inferior to them and treated them that way The mistreatment of the members of native

tribes by the Americo Liberians was one of the main reasons native soldiers of the Liberian army decided to overthrow the government The book also covers the Liberian civil war which destroyed the country in the 1990s and early 2000s a conflict which also had historical roots The conflict is attributed to the inequalities between Americo Liberians and the indigenous people which existed throughout the nation s history But its immediate cause was the brutalities Liberians suffered under the military rulers who overthrew the Americo Liberian dominated government Another major subject covered in the book is the ethnic composition of Liberia The work looks at all the ethnic groups in the country and their home regions counties as well as their cultures providing a comprehensive picture of life in contemporary times in Africa s oldest republic The national culture of Liberia in general is also another subject addressed in the book The author has also addressed another very important subject indigenous forms of writing invented by the members of different tribes or ethnic groups in Liberia The indigenous scripts are a major contribution to civilisation and Liberia stands out among all the countries on the African continent as the country which has the largest number of these forms of writing People going to Liberia for the first time and anybody else who wants to learn about this African country may find this work to be useful **Liberia** Patricia Levy,Michael Spilling,Brett Griffin,2018-04-15 The country of Liberia boasts a rich history and a vibrant culture Founded as a home for former slaves and free blacks from the United States and the Caribbean Liberia is unique among its African neighbors as the political economic and social structures of the country are derived from both American and African traditions Detailed photographs and insightful sidebars accompany the text and allow the reader to learn about the challenges facing Liberia today as well as the customs cuisine and artistic contributions of the Liberian people **Liberia in Pictures** Thomas Streissguth,2006-01-01 Discusses the economy geography government people cultural life and history of Liberia **Sunset at Dawn** VINCENT IKE. CHUKWUEMEKA,2025-01-30 A novel about the Biafran War written from multiple views of Biafrans in the South East during the Civil War Covering a lot of lesser known incidents that occurred during the war It also captures the state of mind of both the average Biafran and key officials in the period as hope and courage gradually gave way to general paranoia and outright frustration fueled by hunger anger distrust and disappointment A very interesting read
