The Reader ,1903 *The 1840 Rhodes Blood Libel* Olga Borovaya,2024-10-01 The Rhodes blood libel of 1840 an outbreak of anti Jewish violence was initiated by the island s governor in collusion with Levantine merchants who charged the local Jewish community with murdering a Christian boy for ritual purposes An episode in the shared histories of Ottomans and Jews it was forgotten by the former and even if remembered misunderstood by the latter The 1840 Rhodes Blood Libel aims to restore the place of this event in Sephardi and Ottoman history Based on newly discovered Ottoman and Jewish sources it argues that the acquittal of Rhodian Jews is adequately understood only in the context of the Tanzimat and the Sublime Porte s foreign relations Contrary to the common view that Ottoman Jews did not experience the impact of the Tanzimat reforms until the mid 1850s this study shows that

their effects were felt as early as 1840 Furthermore this book offers a window onto life and intercommunal relations in the Eastern Mediterranean during the late Ottoman era
