Sunlit Slopes:

Sunlit Slopes Priscilla Klepser, 1984-07-01 Sunlight and Shade in the First Cities Mary Shepperson, 2017-01-16 The emergence of urbanism in Iraq occurred under the distinctive climatic conditions of the Mesopotamian plain rainy winters and extremely hot summers profoundly affected the formation and development of these early cities Sunlight and Shade in the First Cities explores the relationship between society culture and lived experience through the way in which sunlight was manipulated in the urban built environment Light is approached as both a physical phenomenon which affects comfort and the practical usability of space and as a symbolic phenomenon rich in social and religious meaning Through the reconstruction of ancient urban light environments to the extent possible from the archaeological remains the location timing and meaning of activities within early Mesopotamian cities become accessible Sunlight is shown to have influenced the formation and symbolism of urban architecture and shaped the sensory experience of urban life From cities as part of the sunlit landscape this work progresses to consider city forms as a whole and then to the examination of architectural types residential sacred and palatial Architectural analysis is complemented by analysis of contemporary textual sources along with iconographic and artefactual evidence The cities under detailed examination are limited to those on the Mesopotamian plain focusing on the Early Dynastic periods up to the end of the second millennium BC This volume demonstrates the utility of light as a tool with which to analyse not just ancient Mesopotamian settlements but the built environment of any past society especially where provision of or protection from sunlight critically affects life The active influence of sunlight is demonstrated within Mesopotamian cities at every scale of analysis **VALDRIFT 1.0** ,1995 **Downhill All The Way** K M Peyton, 2013-09-30 A school ski trip to France means different things to everyone in Hoomey Nutty David and Jean s class But the adventures that take place over the week make for an unforgettable trip and none of them will be quite the same by the time they return home **The Entomologist** Anonymous, 2024-08-05 Reprint of the original first published in 1889 **The Mariner 6 and 7 Pictures of Mars** Stewart A. Collins, 1971 The present volume presents the results of the Mariner VI and VII missions in a more finished form that has been issued hitherto Greatest interest attaches to the 200 odd television images which the world first viewed in their crude form as they were received on Earth To most fully utilize this television data NASA has sponsored extensive post flyby computer processing and analysis of these pictures The purpose of this book is to make available high quality reproductions of the final computer processed pictures The text serves only to explain the genesis and unique characteristics of the pictures to point out interesting features in them and to provide some indication of their significance in the history of Mars investigations Detailed analysis has been avoided in this volume p v vii **The American Southeast at the End of the Ice Age** D. Shane Miller, Ashley M. Smallwood, Jesse W. Tune, 2022-08-30 In 1996 the University of Alabama Press published a prodigious benchmark volume The Paleoindian and Early Archaic Southeast edited by David G Anderson and Kenneth E Sassaman It was the first to provide a state by state record of the Paleolithic and

early Archaic eras to approximately 8 000 years ago in this region as well as models to interpret data excavated from those eras It summarized what was known of the peoples who lived in the Southeast when ice sheets covered the northern part of the continent and mammals such as elephants saber toothed tigers and ground sloths roamed the landscape In the United States the Southeast has some of most robust data on these eras The American Southeast at the End of the Ice Age is the updated definitive synthesis of current archaeological research gleaned from an array of experts in the region The volume is organized in three parts state records the regional perspective and perspective and future directions State by state chapter overviews of the eras are followed by chapters with regional coverage on lithics point types submerged archaeology gatherers megafauna chipped stone technology and spatial demography Chapters on ethical concerns regarding the use of data from avocational collections insight from outside the Southeast and considerations for future research round out the volume The contributors address five questions When did people first arrive How did they get there Who were they How did they adapt to local resources and environmental change Then what
