M. Kerr, 2022-01-27 To write about the sea in the nineteenth and early twentieth centuries was to do so against a vast accretion of past deeds patterns of thought and particularly patterns of expression many of which had begun to feel not just settled but exhausted The Victorian Novel and the Problems of Marine Language takes up this circumstance showing how prose writers in this period grappled with the super conventionalized nature of the sea as a setting as a shaper of plot and character as a structuring motif and as a source of metaphor But while writing about the sea required careful negotiation of multiple and sometimes conflicting associations the sea's multiplicity and freight function not just as impediments to thought or expression but as sources of intellectual and expressive possibilities The Victorian Novel and the Problems of Marine Language treats a provocatively diverse group of key authors spanning from the 1830s to the 1930s and including both those inextricably associated with the sea Frederick Marryat Joseph Conrad and those whose writings are less obviously marine such as Charlotte Bront Charles Dickens George Eliot William Makepeace Thackeray and Virginia Woolf What these writers share among other things is that they simultaneously register and turn to account the difficulties that attend writing about and writing with the sea In the process their sea writing sheds new light on the value of marginalized representational techniques including repetition cliché and imprecision **The Uncollected Letters of Algernon Charles Swinburne Vol 2** Terry L Meyers, 2024-10-28 These three volumes of letters by Algernon Charles Swinburne add approximately 600 letters by this poet that were not available when Cecil Y Lang published his six volume edition of Swinburne's letters The volumes also contain a selection of several hundred other letters addressed to Swinburne **annual bibliography of english language and literature** , Soul Murder Revisited Leonard Shengold, 2000-09-10 Annotation A decade after the publication of his highly acclaimed book Soul Murder Dr Leonard Shengold reflects anew on the circumstances and the consequences of willful abuse and neglect of children With compelling examples from literature and from clinical cases Dr Shengold describes techniques of adaptation and denial by victims the psychopathology of soul murder and therapy techniques for restoring the
