Swinging In Paradise The Story Of Jazz In Montreal:

Swinging in Paradise John Gilmore, 1988 For almost half a century more jazz was made in Montreal than anywhere else in Canada Here are the lives the music and the concerns of the musicians who made the city swing among them Myron Sutton Willy Girard Johnny Holmes Oscar Peterson Louis Metcalf Steep Wade Maury Kaye and Ren Thomas Here too is the story of Montreal after dark from the silent movies vaudeville theatres and dance pavilions to the nightclubs with names like the Montmartre the Chez Paree the St Michel and Paradise Who's Who of Jazz in Montreal is a companion to the widely acclaimed *Swinging in Paradise The Story of Jazz in Montreal* **Live at The Cellar** Marian Jago, 2018-10-15 In the 1950s and 60s co operative jazz clubs such as Vancouver's Cellar Edmonton's Yardbird Suite and Halifax's 777 Barrington Street opened their doors in response to new forms of jazz expression emerging after the war and a lack of available performance spaces outside major urban centres Operated on a not for profit basis by the musicians themselves these hip new clubs created spaces where young jazz musicians could practise their art close to home *Live at the Cellar* looks at this unique period in the development of jazz in Canada Centered on Vancouver's legendary Cellar club and including co ops in four other cities it explores the ways in which these clubs functioned as sites for the performance and exploration of jazz as well as magnets for countercultural expression in other arts such as literature theatre and film Marian Jago's deft combination of new original research with archival evidence interviews and photographs allows us to witness the beginnings of a pan Canadian jazz scene as well as the emergence of key Canadian jazz figures such as P J Perry Don Thompson and Terry Clarke and the rise of jazz icons such as Paul Bley and Ornette Coleman Although the Cellar and other jazz co ops are long shuttered in their day they created a new and infectious energy that still reverberates in Canada's jazz scene today *Jazz* Eddie S. Meadows, 2013-10-23 *Jazz Research and Pedagogy* is the third edition of an annotated bibliography to books recordings videos and websites in the field of jazz Since the publication of the 2nd edition in 1995 the quantity and quality of books on jazz research performance and teaching materials have increased Although the 1995 book was the most comprehensive annotated jazz bibliography published to that date several books on research performance and teaching materials were omitted In addition given the proliferation of new books in all jazz areas since 1995 the need for a new comprehensive and annotated reference book on jazz is apparent Multiply indexed this book will serve as an excellent tool for librarians researchers and scholars in sorting through the massive amount of new material that has appeared in the field over the last decade *Montreal After Dark* Matthieu Caron, 2025-05-13 Sex and jazz liquor and gambling Montreal in the early twentieth century was a city that offered an exceptional nighttime scene in North America By mid century that scene came under scrutiny and Montreal's influential mayor Jean Drapeau would be elected for the first time on a reformist platform that promised to end corruption Over more than three decades Drapeau would endeavour to transform Montreal into a world class global city by regulating its nightlife *Montreal After Dark* chronicles the spaces where nighttime regulations were

enforced and contested City authorities understood the night as enabling disorder and they reorganized policing and crafted bylaws to gain control over it Police and politicians mutually reinforced each other's drive to morally cleanse the urban landscape especially for international events like Expo 67 and the 1976 Olympics But in an era of social unrest Drapeau's administration also found itself responding to the protective services' discontent The political culture of the city was quickly transformed following terrifying nights without their services Matthieu Caron shows how in an effort to incorporate the night into the expansionary tendencies of consumer capitalism municipal authorities took sides in a debate over who had the right to public space at night what constituted acceptable behaviour or expression whose sexual activity sustained the social order and whose threatened to destroy it In terms that are strikingly familiar today *Montreal After Dark* elucidates how the desires of politicians would come to reorganize how consumption and leisure labour and dissent noise sex and art were lived in Montreal after the sun went down

Music in Canada Carl Morey, 2013-11-26 Providing access to virtually any subject related to music and musicians in Canada more than 900 annotated entries are organized under 13 topics and indexed by author subject and title Background and supplementary information and suggestions for research are presented in introductory essays The material covered reflects the broad spectrum of music in Canadian society including historical analytical and biographical studies of music derived from the European tradition First Nations and Inuit music jazz and popular works folk and ethnic music education research and bibliographical materials The reader is also directed to some important on line resources Musical activity in Canada has developed remarkably in the past 50 years with a parallel growth of musical scholarship examining historical social and ethnological aspects of Canadian musical life This Guide is the first to draw comprehensively on the wealth of studies now available which are often dispersed and not easily located Consequently this information is invaluable to students and researchers interested in Canadian music the music of North America and Canadian studies Index

Cross-Border Cosmopolitans Wendell Nii Laryea Adjete, 2022-12-06 African American history from 1900 to 2000 cannot be told without accounting for the significant influence of Pan African thought just as the story of twentieth century U S foreign policy cannot be told without accounting for fears of an African World In the early 1900s Marcus Garvey and his followers perceived the North American mainland particularly Canada following U S authorities' deportation of Garvey to Jamaica as a forward operating base from which to liberate the Black masses from colonialism After World War II Vietnam War resisters Black Panthers and Caribbean students joined the throngs of cross border migrants to denounce militarism imperialism and capitalism In time as urban uprisings proliferated in northern U S cities the prospect of coalitions among the Black Power Red Power and Quebecois Power movements inspired U S and Canadian intelligence services to collaborate infiltrate and sabotage Black organizations

across North America Assassinations of Black messiahs further radicalized revolutionaries rekindling the dream for an African World from Washington D C to Toronto to San Francisco to Antigua to Grenada and back to Africa Alarmed Washington's national security elites invoked the Cold War as the reason to counter the triangulation of Black Power in the Atlantic World funneling arms clandestinely from the United States and Canada to the Caribbean and then to its proxies in southern Africa By contending that twentieth century global Black liberation movements began within the U S Canadian borderlands as cross border continental struggles Cross Border Cosmopolitans reveals the revolutionary legacies of the Underground Railroad and America's Great Migration and the hemispheric and transatlantic dimensions of this history

Cultures of Darkness Bryan D. Palmer, 2019-02-15 Peasants religious heretics witches pirates runaway slaves prostitutes and pornographers frequenters of taverns and fraternal society lodge rooms revolutionaries blues and jazz musicians beats and contemporary youth gangs those who defied authority choosing to live outside the defining cultural dominions of early insurgent and later dominant capitalism are what Bryan D Palmer calls people of the night These lives of opposition or otherness were seen by the powerful as deviant rejecting authority and consequently threatening to the established order Constructing a rich historical tapestry of example and experience spanning eight centuries Palmer details lives of exclusion and challenge as the night travels of the transgressors clash repeatedly with the powerful conventions of their times Nights of liberation and exhilarating desire sexual and social are at the heart of this study But so too are the dangers of darkness as marginality is coerced into corners of pressured confinement or the night is used as a cover for brutalizing terror as was the case in Nazi Germany or the lynching of African Americans Making extensive use of the interdisciplinary literature of marginality found in scholarly work in history sociology cultural studies literature anthropology and politics Palmer takes an unflinching look at the rise and transformation of capitalism as it was lived by the dispossessed and those stamped with the mark of otherness

The African Canadian Legal Odyssey Barrington Walker, 2012-11-13 The African Canadian Legal Odyssey explores the history of African Canadians and the law from the era of slavery until the early twenty first century This collection demonstrates that the social history of Blacks in Canada has always been inextricably bound to questions of law and that the role of the law in shaping Black life was often ambiguous and shifted over time Comprised of eleven engaging chapters organized both thematically and chronologically it includes a substantive introduction that provides a synthesis and overview of this complex history This outstanding collection will appeal to both advanced specialists and undergraduate students and makes an important contribution to an emerging field of scholarly inquiry
