Sword Bearers Supreme Command In The Fir

Robert F. Grattan

Sword Bearers Supreme Command In The Fir:

The Shadows of Total War Roger Chickering, Stig Forster, 2003-01-16 The period between the two world wars of the twentieth century was one of the most challenging in the history of war In anticipation of another conflict military planners and civilian thinkers struggled after 1918 with the painful implications of World War I Given its scope the wholesale mobilisation of civilian populations and the targets of civilians via blockades and strategic bombing many observers regarded this titanic conflict as a total war They also concluded that any future conflict would bear the same hallmarks and they planned accordingly The essays in this collection the fourth in a series on the problem of total war examine the inter war period They explore the consequences of World War I the intellectual efforts to analyse this conflict s military significance the attempts to plan for another general war and several episodes in the 1930s that portended the war that erupted in 1939

Awarded for Valour M. Smith, 2008-06-23 Based on primary source research this is the most comprehensive history of the Victoria Cross available tracing the evolution of the award from its inception in 1856 to the most recent bestowals The study also examines the evolution of the concept of heroism and how the definition of heroism changed along with the nature of warfare Cultured Force Barnett Singer, John W. Langdon, 2004 Bridging gaps between intellectual history biography and military colonial history Barnett Singer and John Langdon provide a challenging readable interpretation of French imperialism and some of its leading figures from the early modern era through the Fifth Republic They ask us to rethink and reevaluate pulling away from the usual shoal of simplistic condemnation In a series of finely etched biographical studies and with much detail on both imperial culture and wars including World War I and II they offer a balanced deep strong portrait of key makers and defenders of the French Empire one that will surely stimulate much historical work in the field *The Origins of Air War* Robert F. Grattan, 2009-04-30 Air power has come to be seen as a country s first line of defence in the First World War views were vastly different Aircraft were a novelty not always welcomed by the traditionalist military and there were no tactics doctrine or strategies available for the deployment of air power Yet within four years proponents of the new force were making claims often extravagant of what aircraft could achieve Here Robert Grattan traces the remarkable history of the emergence of air power as a force to reckon with and its dramatic impact on military strategy He discusses the details of aircrafts their engines and manufacture including the Fokker Bristol Fighter the Zeppelin and the DH2 the weaponry and prominent figures such as Albert Ball and Werner Voss The First Air War is indispensable for military historians aviation and military enthusiasts as well as those interested in strategy **Military Intelligence Professional Bulletin**, 1997 **The Splintered Empires** Prit Buttar, 2017-09-21 At the beginning of 1917 the three empires fighting on the Eastern Front were reaching their breaking points but none was closer than Russia After the February Revolution Russia s ability to wage war faltered and her last desperate gamble the Kerensky Offensive saw the final collapse of her army This helped trigger the Bolshevik Revolution and a crippling peace but the Central Powers had no opportunity to exploit their

gains and a year later both the German and Austro Hungarian empires surrendered and disintegrated Concluding his acclaimed series on the Eastern Front in World War I Prit Buttar comprehensively details not only these climactic events but also the successor wars that raged long after the armistice of 1918 New states rose from the ashes of empire and war raged as German forces sought to keep them under the aegis of the Fatherland These unresolved tensions between the former Great Powers and the new states would ultimately lead to the rise of Hitler and a new terrible world war only two decades later

Professional Journal of the United States Army ,2008 **All the Kaiser's Men** Ian Passingham,2011-10-21

Convinced that both God and the Kaiser were on their side the officers and men of the German Army went to war in 1914 confident that they were destined for a swift and crushing victory in the West The vaunted Schlieffen Plan on which the anticipated German victory was based expected triumph in the West to be followed by an equally decisive success on the Eastern Front It was not to be From the winter of 1914 until the early months of 1918 the struggle on the Western Front was characterised by trench warfare But our perception of the conflict takes little or no account of the realities of life across the wire in the German trenches This book redresses that imbalance and reminds us how similar these young German men were to our own Tommies Drawing from diaries and letters Ian Passingham charts the hopes and despair of the German soldiers filling an important gap in the history of the Western Front

Jayhawk! Stephen Alan Bourque,2002 Center of Military History Publication 70 73 1 Presents the story of the United States Army s Seven Corps from its deployment to Saudi Arabia through its phases of preparation its offensive against the Iraqi Army and finally its return to Europe and the United States

Imperial Germany and the Great War, 1914-1918 Roger Chickering,2014-07-10 This book represents the most comprehensive history of Germany during the First World War

Eventually, you will totally discover a other experience and feat by spending more cash. nevertheless when? accomplish you understand that you require to acquire those all needs once having significantly cash? Why dont you attempt to acquire something basic in the beginning? Thats something that will lead you to understand even more nearly the globe, experience, some places, subsequently history, amusement, and a lot more?
