Sylvester Stallone Official Rocky Scrapbook:

Sylvester Stallone's Official Rocky Scrapbook Sylvester Stallone,1977 Muscles in the Movies John D. Fair,David L. Chapman,2020-11-16 John Fair and David Chapman tell the story of how filmmakers use and manipulate the appearance and performances of muscular men and women to enhance the appeal of their productions The authors show how this practice deeply rooted in western epistemological traditions evolved from the art of photography through magic lantern and stage shows into the motion picture industry arguing that the sight of muscles in action induced a higher degree of viewer entertainment From Eugen Sandow to Dwayne The Rock Johnson muscular actors appear capable of performing the miraculous and with the aid of stuntmen and filming contrivances they do By such means muscles are used to perfect the art of illusion inherent in movie making from its earliest days **The Last Action Heroes** Nick de Semlyen,2024-06-04 The behind the scenes story of the action heroes who ruled 1980s and 90s Hollywood and the beloved films that made them stars including Die Hard First Blood The Terminator and more Entertaining This is a book that makes you ache for the days when the movie screen belonged not to men who dress in superhero capes but to those who lift weights Washington Examiner A NEWSWEEK BEST BOOK OF THE YEAR The Last Action Heroes opens in May 1990 in Cannes with Arnold Schwarzenegger and Sylvester Stallone waltzing together cheered on by a crowd of famous faces After years of bitter combat Stallone once threw a bowl of flowers at Schwarzenegger s head and the body count in Schwarzenegger s Commando was increased so the film would have a bigger dick than Rambo the world s biggest action stars have at last made peace In this wildly entertaining account of the golden age of the action movie Nick de Semlyen charts Stallone and Schwarzenegger s carnage packed journey from enmity to friendship against the backdrop of Reagan s America and the Cold War He also reveals fascinating untold stories of the colorful characters who ascended in their wake high kickers Chuck Norris and Jackie Chan glowering tough guys Dolph Lundgren and Steven Seagal and quipping troublemakers Jean Claude Van Damme and Bruce Willis But as time rolled on the era of the invincible action hero who used muscle martial arts or the perfect weapon to save the day began to fade When Jurassic Park trounced Schwarzenegger s Last Action Hero in 1993 the glory days of these macho men and the vision of masculinity they celebrated were officially over Drawing on candid interviews with the action stars themselves plus their collaborators friends and foes The Last Action Heroes is a no holds barred account of a period in Hollywood history when there were no limits to the heights of fame these men achieved or to the mayhem they wrought on screen and off

"All I wanna do is go the distance" Philip L. Simpson,Kathy Merlock Jackson,2025-08-22 If any film has gone the distance it s Rocky 1976 which spawned one of the longest running franchises in film history Released in America s bicentennial year Rocky based on an original screenplay by then unknown writer and actor Sylvester Stallone surprised everyone Shot on a shoestring budget by director John Avildsen the film became a blockbuster and Academy Award winning best picture In addition to spawning a lucrative franchise and spin offs Rocky propelled the careers of Stallone and Talia

Shire raised interest in boxing and sports movies and placed Philadelphia and its architecture in the popular consciousness Rocky has always been a contested text raising questions about race gender and class in America as well as debate about genre storytelling and film art questions which are addressed at length in this rich collection of essays As the contributing scholars show Rocky and its sequels retain their power to rouse audiences well into the twenty first century and continue to inspire audiences athletes and filmmakers

The Boxing Film Travis Vogan,2020-10-16 As one of popular culture s most popular arenas sports are often the subject of cinematic storytelling But boxing films are special There are more movies about boxing by a healthy margin than any other sport and boxing accompanied and aided the medium s late nineteenth century emergence as a popular mass entertainment Many of cinema s most celebrated directors from Oscar Micheaux to Martin Scorsese made boxing films And while the production of other types of sports movies generally corresponds with the current popularity of their subject boxing films continue to be made regularly even after the sport has wilted from its once prominent position in the sports hierarchy of the United States From Edison s Leonard Cushing Fight to The Joe Louis Story Rocky and beyond this book explores why boxing has so consistently fascinated cinema and popular media culture by tracing how boxing movies inform the sport s meanings and uses from the late nineteenth century to the early twenty first century
