Reader's Guide to Judaism Michael Terry, 2013-12-02 The Reader's Guide to Judaism is a survey of English language translations of the most important primary texts in the Jewish tradition The field is assessed in some 470 essays discussing individuals Martin Buber Gluckel of Hameln literature Genesis Ladino Literature thought and beliefs Holiness Bioethics practice Dietary Laws Passover history Venice Baghdadi Jews of India and arts and material culture Synagogue Architecture Costume The emphasis is on Judaism rather than on Jewish studies more broadly *Jewish Literacy in Roman Palestine* Catherine Hezser, 2001 Since Judaism has always been seen as the quintessential religion of the book a high literacy rate amongst ancient Jews has usually been taken for granted Catherine Hezser presents the first critical analysis of the various aspects of ancient Jewish literacy on the basis of all of the literary epigraphic and papyrological material published so far Thereby she takes into consideration the analogies in Graeco Roman culture and models and theories developed in the social sciences Rather than trying to determine the exact literacy rate amongst ancient Jews she examines the various types social contexts and functions of writing and the relationship between writing and oral forms of discourse Following recent social anthropological approaches to literacy the guiding question is who used what type of writing for which purpose First Catherine Hezser examines the conditions which would enable or prevent the spread of literacy such as education and schools the availability and costs of writing materials religious interest in writing and books the existence of archives and libraries and the question of multilingualism Afterwards she looks at the different types of writing such as letters documents miscellaneous notes inscriptions and graffiti and literary and magical texts until she finally draws conclusions about the ways in which the various sectors of the populace were able to participate in a literate society **The Readers Guide to**

Judaism and Jewish Studies Sarah Imhoff, 2013 **Judaism and Christianity in First-Century Rome** Karl P.

Donfried, Peter Richardson, 2003-12-22 Rome as the center of the first century world was home to numerous ethnic groups among which were both Jews and Christians The dealings of the Roman government with these two groups and their dealings with each other are the focus of this engaging book Peter Richardson shows that inscriptions expand considerably our knowledge about synagogues in Rome L Michael White discusses what the archeological epigraphic evidence reveals about the synagogue and society of Ostia Graydon F Snyder explores the theme of inculturation looking closely at the level of interaction of Jews with non Jews in Rome and of Christians with Roman culture Leonard Victor Rutgers examines the inconsistent nature of Rome's legal policies toward the Jews Rudolf Braendle and Ekkehard W Stegemann detail the

formation of the first Christian congregations already present James S Jeffers describes the family life of Jews and Christians in Rome Carolyn Osiek discusses from an insightful and unique perspective the social character of Roman Christianity James C Walters considers the evolving relations between Christians and non Christian Jews in Rome and how their interactions were affected by Roman intervention William L Lane traces the continuities and discontinuities in Roman Christianity in the period from Nero to Nerva Finally Chrys C Caragounis finding clues in Romans and 1 Clement challenges much of the consensus concerning the social situation of Roman Christianity Based on the latest biblical and historical scholarship and archaeological evidence this volume will be a valuable resource for students of first century Judaism and Christianity The Talmud Yerushalmi and Graeco-Roman Culture Peter Schäfer, Catherine Hezser, 1998 This volume continues the studies on the most important source of late antique Judaism the Talmud Yerushalmi in relation to its cultural context The text of the Talmud is juxtaposed to archaeological findings Roman law and contemporary classical authors The attitude of the Rabbis towards main aspects of urban society in the Mediterranean region of late antiquity is discussed Hereby Rabbinic Judaism is seen as integrated in the cultural currents prevalent in the eastern part of the Roman Empire From reviews of the first volume The essays in this volume do not seek to establish a global approach to the task or any general methodological principles Caution is everywhere apparent This is an excellent beginning and more is promised It would be good if this initiative prompted more Talmudic scholars to take the Greek background of Palestinian rabbinism seriously and finally put paid to the tendency to consider it as in some way separated from or in conflict with late antique Hellenism N R M De Lange in Bulletin of Judaean Greek Studies Winter 1998 99 no 23 p 24 *Seeing Blood and Water* Sebastian A. Carnazzo, 2012-11-09 One of the most significant features of the Fourth Gospel is its unique version of the crucifixion of Jesus 19 12 42 A full understanding of the central section of this scene the depiction of Jesus death and the details immediately surrounding 19 31 37 depends on the interpretation of the verse that recounts the piercing of his side and the flow of blood and water 19 34 Yet there has never been a clear consensus as to the meaning of this verse This difficulty is not insurmountable as the solution becomes apparent when one lends an attentive ear to the voice of the narrator The event described in verse 34 is explicitly declared by the narrator in verse 37 to be the fulfillment of a Scripture passage that says They shall look at him whom they have pierced It is therefore to that Scripture Zechariah 12 10 that the author directs his audience for the meaning of this occurrence and it is then from the literary context of the Zechariah passage that we can come to understand better this Gospel's account of the death of Jesus **Jesus as Mirrored in John** James H. Charlesworth, 2018-12-13 James H Charlesworth begins from a burgeoning point of scholarly consensus More and more scholars are coming to recognize that the Fourth Gospel is more historically complex than previously thought Charlesworth outlines two historical horizons within John On the one hand there is the Jewish background to the text complete with the evangelist's knowledge of Palestinian geography and Jewish customs which Charlesworth perceives as offering a window into

pre 70 Palestinian Judaism On the other hand the gospel also reflects a post 70 world in which non believing Jews with more unity begin to part definitely with those who identified Jesus as the Messiah Split into four sections this volume first examines the origins of the Fourth Gospel its evolution in several editions and its setting in Judea and Galilee Charlesworth then looks specifically at the figure of Jesus and issues of history He proceeds to consider this Gospel alongside earlier and contemporaneous Jewish literature most notably the Dead Sea Scrolls Finally the volume engages with John s symbolism and language looking closely at key aspects in which John differs from the Synoptic Gospels and raising such provocative questions as whether or not it is possible that Jesus married Mary Magdalene From one of the New Testament s most noted scholars this book allows deeper understanding of the ways in which the Gospel of John is a vital resource for understanding both the origin of Christianity and Jesus position in history

Jewish Philosophy Norbert Samuelson, 2006-09-19 Surveys the history of Jewish philosophy from the formation of the Hebrew Scriptures This book is intended for courses in Jewish philosophy as well as for more general courses in religious thought Judaism and philosophy It highlights the Hebrew Scriptures the Midrash medieval rabbinic commentaries and modern works of Jewish theology

Religion and Power Douglas R. Edwards, 1996-09-12 This book contributes to the small but growing literature on the interaction between religion and power in antiquity Edwards focusses on the eastern Greek provinces in the first and second centuries A D the period during which Christianity Judaism and numerous other religions and cults exploded across the Roman Empire His purpose is to show how the local elite classes appropriated and manipulated mythic and religious images and practices to establish and consolidate their social political and economic power Edwards considers both archaeological and literary evidence He examines coins epigraphs statuary building complexes mosaics and paintings from across Asia Minor and Syria Palestine looking for evidence of sponsorship by local elites and the meaning of such sponsorship On the literary side Edwards selects one representative figure from each of the three major religio cultural traditions the Greek writer Chariton of Aphrodisias the Jewish historian Josephus and the Christian evangelist the author of Luke Acts He illustrates how each writer s use of religion reflects the interaction of local elite groups with the web of power that existed in political cultural and social spheres of the Roman Empire
