Symbol And Sacrament A Contemporary Sacramental Theology

Stanley E. Porter, Wendy J. Porter

Symbol And Sacrament A Contemporary Sacramental Theology:

Symbol and Sacrament Michael G. Lawler, 1987-01-01 *Symbol and Sacrament* Louis-Marie Chauvet, 1995 This work comes at an opportune hour a time in which many complain that contemporary theology lacks a general theory of sacraments Chauvet charts a reorientation in sacramental theology from the scholastic treatments which appropriated the metaphysical categories of causality and substance to develop an essentially instrumentalist appreciation of grace in favor of an approach through the category of symbol In this approach the subject is as much grasped and transformed by the symbolic representation as is the object being interpreted Chauvet commands a wealth of scholarship which he deploys to powerful effect His work in developing a foundational theology of sacramentality will remain the standard for years to come

Recovering the Evangelical Sacrament Anthony R. Cross, 2012-12-06 The subject of baptism continues to be of considerable interest though it frequently appears within broader studies of sacraments liturgy worship and ecumenical studies and within confessional bounds credobaptist or paedobaptist yet it is rarely discussed by Evangelicals This book however is neither an apologetic for credobaptism nor paedobaptism rather Cross believes that as practiced today both forms are a departure from New Testament baptism which he maintains was an integral part of becoming a Christian and part of the proclaimed gospel He argues that the one baptism of Ephesians 4 5 is conversion baptism and that the baptism referred to in the various New Testament strata refers to this one baptism of Spirit and water The study sets out the case for this interpretation and contends that in key passages baptism is an example of synecdoche The case is then made for a sacramental interpretation of baptism from a thoroughgoing Evangelical perspective Cross concludes with reflections on the necessity of baptismal reform and the relevance of a return to conversion baptism for the contemporary church in a post Christian post Christendom mission setting

Christian Symbol and Ritual Bernard Cooke, Gary Macy, 2005-09-08 In *Christian Symbol and Ritual* Bernard Cooke and Gary Macy offer an accessible and engaging introduction to the topic written from a non denominational perspective Cooke and Macy demonstrate that celebration ritual and symbol are already central to our lives even though most do not see their actions as symbolic or ritualistic They connect central Christian symbols to the symbols and rituals already present in everyday life and place Christian theology in a familiar context After discussing the characteristics and functions of rituals they explore different kinds of ritual including those of friendship worship and healing The authors also examine such questions as how rituals establish and maintain power relationships how official rituals are different from popular Christian rituals and devotions and how Christian rituals function in the process of human salvation *Christian Symbol and Ritual* is an invaluable resource for students teachers and lay readers

The Sacraments Joseph Martos, 2009-08-01 What are the sacraments really For centuries the religious lives of Catholics and other Christians have revolved around church rituals with generally accepted individual and social effects What precisely are those effects and how are they produced Traditional theology used Greek philosophy to understand the sacraments and how they work But is there

no other way to understand them In fact there are a number of ways and this book invites you to look at the sacraments through a variety of lenses psychology sociology anthropology history theology morality and spirituality As the introduction to this volume challenges If you read this book and especially if you engage in the interactive study to which it invites you your understanding of sacraments will be changed forever To help personalize your investigation the author has created a web site with thought provoking questions that encourage you to interact with the ideas being proposed in this volume To engage these topics more deeply see [www TheSacraments org](http://www.TheSacraments.org)

Liturgical Music as Ritual Symbol Judith Marie Kubicki,1999 In this book Sister Kubicki uses Jacques Berthier s Taize music to explore the nature of liturgical music as ritual symbol She carries out a hermeneutical analysis of Berthier s chants and examines biographical and historical data related to the creator s of Taize music and the founding of the Taize community The author draws on five areas of study to interpret the Taize chants as ritual symbol symbol theory semiotics theologies of symbol ritual theory and performative language theory The final chapter explores potential ecclesial meanings which may be mediated in the Taize liturgy and the role of Berthier s chants in mediating that meaning The study concludes that it is music s symbolic property that enables it to be both ministerial and integral to the liturgy As symbolic activity music making evokes participation negotiates relationships and enables the assembly to orient themselves and to find their identity and place within their world Furthermore music making provides the illocutionary force to do something in the act of singing Thus it is that as part of a complexus of ritual symbols music interacts with other symbols in mediating the liturgy s meaning

Sacraments Ray Robert Noll,1999 Firmly rooted in the tradition of the Church and some of the best scholarship of the past 40 years Noll explores the sign meaning and experience of each of the seven sacraments in the church Included is a CD ROM containing articles and passages by some of today s key sacramental theologians

Christian Marriage and Family Michael G. Lawler,William P. Roberts,1996 A definite shift in the Catholic Church s understanding of marriage took place at Vatican Council II Rather than perceiving marriage as a contract whose primary purpose was the procreation of children the council spoke of marriage as an intimate partnership of life and love Then recapturing an earlier tradition it went on to describe the family as a domestic church In this book seven theologians who have lectured and written extensively on marriage probe the rich theology of marriage and family that emerged from Vatican II and explore some of the implications that flow from this theology Part One reflects on the sacramentality of marriage and on the family as a church of the home Part Two examines the pastoral implications this has for marital and family ministry and spirituality

Christian Theologies of the Sacraments Justin S. Holcomb,David A. Johnson,2017-07-25 Delves into the ancient debate regarding the nature and purpose of the seven sacraments What are the sacraments For centuries this question has elicited a lively discussion and among theologians and a variety of answers that do anything but outline a unified belief concerning these fundamental ritual structures In this extremely cohesive and well crafted volume a group of

renowned scholars map the theologies of sacraments offered by key Christian figures from the Early Church through the twenty first century Together they provide a guide to the variety of views about sacraments found throughout Christianity showcasing the variety of approaches to understanding the sacraments across the Catholic Protestant and Orthodox faith traditions Chapters explore the theologies of thinkers from Basil to Aquinas Martin Luther to Gustavo Guti rrez Rather than attempting to distill their voices into a single view the book addresses many of the questions that theologians have tackled over the two thousand year history of Christianity In doing so it paves the way for developing theologies of sacraments for present and future contexts The text places each theology of the sacraments into its proper sociohistorical context illuminating how the church has used the sacraments to define itself and its congregations over time The definitive resource on theologies of the sacraments this volume is a must read for students theologians and spiritually interested readers alike

Secularism and the Pursuit of Transcendence, Volume II Stanley E. Porter, Wendy J. Porter, 2025-02-19 We live in a secular age or so we have been told Nevertheless the Christian church strongly believes that we still experience and in fact are surrounded by acts of transcendence encounters with God that often defy imagination and explanation And yet we do try to explain such phenomena whether theologically experientially biblically historically philosophically literarily or even or especially artistically These two volumes are more than just papers from a major conference on secularism and the pursuit of transcendence held at McMaster Divinity College in Hamilton Ontario They contain genuine attempts by people deeply engaged with their secular surroundings to explain what we mean by transcendence Transcendence has been a longstanding topic among the best thinkers of this and previous ages and the same is true for these volumes which include contributions by Charles Taylor Robert Wuthnow Merold Westphal and Christina Gschwandtner but also by a wide range of others who address the question from divergent vantage points The responses vary as much as the orientations of those involved in the pursuit of defining not only what it means to live in our secular age but to be involved in the pursuit of transcendence or even to perceive the Transcendent s pursuit of us

The Enigmatic Realm of **Symbol And Sacrament A Contemporary Sacramental Theology**: Unleashing the Language is Inner Magic

In a fast-paced digital era where connections and knowledge intertwine, the enigmatic realm of language reveals its inherent magic. Its capacity to stir emotions, ignite contemplation, and catalyze profound transformations is nothing lacking extraordinary. Within the captivating pages of **Symbol And Sacrament A Contemporary Sacramental Theology** a literary masterpiece penned with a renowned author, readers set about a transformative journey, unlocking the secrets and untapped potential embedded within each word. In this evaluation, we shall explore the book's core themes, assess its distinct writing style, and delve into its lasting effect on the hearts and minds of those who partake in its reading experience.
