Symbolic Behavior Theodore Thass-Thienemann, 1968 **Symbol Use and Symbolic Representation** Laura Namy, 2017-09-25 Symbol Use and Symbolic Representation Developmental and Comparative Perspectives is the proceedings of a workshop held at Emory University in 2002 to discuss the difficult and age old issue of what makes a symbol symbolic The issue shifts towards exploring the relation between apparent symbolic behavior and actual symbolic insight on the part of the user or recipient The workshop discussed the pitfalls of inferring symbolic understanding from apparently symbolic behaviors and possible criteria that would enable us to ascertain when a symbol is being employed in an intentional communicative representational manner Broken down into three parts this volume focuses on the factors that influence the emergence of symbolic behavior in young typically developing children turns to an examination of individual and population differences in symbolic development and the ways variability in symbol use can inform the cognitive mechanisms underlying symbolic insight and explores symbolic understanding in non human animals The text ends with a synthesis of recurring themes questions concerns and conclusions and offers a new perspective on the process of understanding the relation between symbol use and symbolic insight **Consolatory Rhetoric** Donovan J. Ochs, 1993 Consolatory Rhetoric explores Greco Roman funeral rituals to reveal how opposing symbols functioned rhetorically to comfort communities afflicted by the death of one of their members While the bulk of rhetorical criticism interprets written texts Donovan Ochs broadens the traditional focus to consider non verbal symbols as well as action and object languages Ochs demonstrates that non discursive dimensions of Greco Roman burial rites held a place of particular persuasive significance in consoling the populace and he attributes funeral customs practiced in contemporary western civilization to the legacy left by the ancient Greeks and Romans **Symbolic Interaction** Nancy J.
