Absolute Key To Occult Science, The Tarot Of The Bohemians Papus, 2021-12-09 Absolute Key To Occult Science The Tarot Of The Bohemians Papus Originally published in 1892 this fully illustrated book is intended for initiates of the tarot Papus is after a Theory of Everything and finds evidence for it in the Tarot and a set of correspondences with everything from the tetragrammaton to numerology and astrology The Tarot of the Bohemians Papus, Therefore you must open the book and carefully weigh the statements made in it Then you will know that the drug within is of very different value from the promise of the box that is to say that the subjects treated in it are not so frivolous as the title may imply RABBLAIS WE are on the eve of a complete transformation of our scientific methods Materialism has given us all that we can expect from it and inquirers disappointed as a rule hope for great things from the future whilst they are unwilling to spend more time in pursuing the path adopted in modern times Analysis has been carried in every branch of knowledge as far as possible and has only deepened the moats which divide the sciences Synthesis becomes necessary but how can we realize it If we would condescend to waive for one moment our belief in the indefinite progress and fatal superiority of later generations over the ancients we should at once perceive that the colossal civilizations of antiquity possessed Science Universities and Schools India and Egypt are still strewn with valuable remains which reveal to arch ologists the existence of this ancient science We are now in a position to affirm that the dominant character of this teaching was synthesis which condenses in a few very simple laws the whole of the acquired knowledge But the use of synthesis had been almost entirely lost through several causes which it is important to enumerate Amongst the ancients knowledge was only transmitted to men whose worth had been proved by a series of tests This transmittal took place in the temples under the name of mysteries and the adept assumed the title of priest or Initiate 1 This science was therefore secret or occult and thus originated the name of occult science given by our contemporaries to the ancient synthesis Another reason for the limited diffusion of the higher branches of knowledge was the length and difficulty of the journeys involved before the most important centres of initiation could be reached **The Tarot of the Bohemians - The Most Ancient Book in the World for the Use of Initiates**

Esoteric Symbols June Leavitt,2007-06-15 In this pioneering scholarly work on occult symbols in literature the reader is offered a vivid look into how W B Yeats T S Eliot and Franz Kafka three masters of symbolic expression utilized Tarot cards in their poetry and prose Focusing on the Tarot s ancient associations with divine knowledge its pictorial representation of both the Jewish and Christian Cabala and the Tarot s more recent pedestrian affiliation with the occult June Leavitt skillfully demonstrates how Yeats Eliot and Kafka align themselves in their uniquely individual ways with the Tarot symbols mapping of reality Paying close attention to the mystical nuances of the Tarot Ms Leavitt shows how Tarot symbols allow for radically new readings of the texts in which they are situated and play a transformative role in the three writers search for God This search remained indecisive for Kafka resulted in Eliot s conversion to Anglo Catholicism and went hand in hand with Yeats passion for pagan gods and angels Visit the author s website at <http://www.spiritualityteaching.com>
