concerned with successfully raising a child M J Abadie's *Child Astrology* brings to light the rich world of celestial influences. No previous knowledge of astrology is required for parents to gain illuminating insight into their child using techniques and methods practiced for centuries. *Child Astrology* offers a comprehensive look at the planets and their influence on your child's emotional, intellectual, physical, and spiritual development. It provides easy-to-use planetary tables and clear instructions on how to record and interpret the positioning of the planets at the time of a child's birth. The author suggests specific approaches that help to minimize those influences in a child's life that are negative and to maximize those that are positive. Approaches that aid parents in anticipating and addressing the major changes particular to children's different developmental stages. As they grow into the leaders of tomorrow, children need all the help we can offer. *Child Astrology* gives parents the chance to enhance the development of their children with loving care tailored expressly to the individual gifts their children possess.

*The Facts on Astrology* John Ankerberg, John Weldon, 2011-05-03. What the Bible, science, common sense tell us about astrology. Astrology's influence is felt throughout government, industry, the sciences, education, the church, the home. What exactly is astrology? Do the heavens really influence life on earth? What are the dangers of astrology? How much does astrology actually influence Washington? What does the Bible have to say about astrology? This book thoroughly examines the claims of astrology, assesses its occult aspects, emphasizes the personal consequences of its use.

**The Elements** Barbara Goldsmith, 2009. This new and exciting aspect of astrology shows the true nature of a person. Overlooked by most astrologers and underplayed by the professionals, the elements dictate how a person's temperament influences their actions, their relationships, and the world in which they live. This provides the reader with an understanding of why some temperaments get along harmoniously and some temperaments are like water and oil. This book guides you through parent and child relationships, friendships, romantic relationships, and professional relationships. It also gives you insights as to the vibratory influences in your chart and the spiritual meaning of your life. With the awareness of your own temperament, you will be able to more easily find other people with whom you feel compatible. By understanding the elements in your chart, you will be more successful in choosing the right relationships. Publisher's description.
