The Determined Entrepreneur James F. Grebey, 2013-11-20 Ralph Waldo Emerson the 19th Century American writer and philosopher wrote about the power of the individual and the benefits of following your own path in life. His work might have defined the modern entrepreneur. Emerson said Life is a journey not a destination. *The Determined Entrepreneur: The Story of Dr George Tinsley and the Values that Guided His Journey to Success* looks at the values that guided one of America's most improbable entrepreneurs on his journey to success. By following his amazing life journey out of poverty the reader is able to experience in a unique way how a truly determined person can overcome tremendous obstacles to achieve a lifetime of repeated success. If you were to bet on a person who was likely to succeed you would never have bet on George Tinsley. The odds against his success would have seemed far too great to be overcome. To follow his journey George Tinsley had to overcome an environment of extreme poverty while growing up in one of the toughest inner city neighborhoods in an era of open racial intolerance. By letting the values he learned early in life serve as guides throughout his life he was able to overcome the circumstances of his childhood and beat the odds to achieve great personal success as a serial entrepreneur. George Tinsley's life proves that success doesn't come from luck. Luck might explain one or even two significant accomplishments but becoming a serial entrepreneur comes from the repeated application of a set of guiding principles that lead to the achievement one goal after another. The entrepreneurial values that guided George Tinsley's life can be learned by anyone who is determined to succeed. What were the values that propelled this serial entrepreneur and how did he learn and apply them?

Bob Frost - A Trail Of Pennies Stephen J. Napolitano, 2010-04-22 This collection of thoughts and ideas came from an outcry of pain and suffering. Many people are in need to be listened to and call for action. I just wanted to freestyle with writing and help those believe in themselves. The more I wrote the larger the readership grew. I received correspondence from all over on how a certain story helped them in some way. Sometimes I was asked to write something to inspire an event that was coming up and it ended up inspiring the masses. My intention was simple just to write what I felt on certain things and remind people how important and special they are. There are many people that feel lost and need guidance and I assumed a role to simply guide those lost souls. Most people I have encountered never were lost. They were just sidetracked off their path or journey. The snowball effect happened as I wrote more and these are a collection of my most

favorite stories These aren't mine they belong to you the reader They have helped so many and I hope they help a new group of people by getting the word out Bob Frost was created a while ago for my love of Robert Frost I first heard Nothing Gold Can Stay from The Outsiders and fell in love with the poem I've been studying his many quotes and poems and made me look up to him as a writer mentor and even friend I took his name in celebration of his work and wishful thinking I joined an anonymous website to express some personal issues in my life and quickly found others just like me People had gotten to know me as Bob and I stuck with it My real name real life make no difference and I preferred to remain an unknown person writing to many people about what they wanted to talk about Some chose to write about happy things and some wanted to vent and get some answers To me it's the never ending quest for wisdom and knowledge I possess none or pretend that I do These stories are just my opinions not facts I don't have a degree in anything other than life I'm a middle class male in America trying to find my own way in life my path I don't boast a PhD in anything other than hard knocks I love to write and I enjoy helping others effortlessly If I don't have an answer for you I'll find out one and help you any way I can I'm here to live my life and walk my path What I didn't realize is that while I live my life I encounter others on my path Some are looking for guidance some are looking for a helping hand Some people just ignore and keep on walking I refuse to believe in that way of thinking As much as I argue with others about what I do I feel the personal need to listen to every voice that write or talks to me It makes for a difficult life for me but the rewards mean more to me than anything You have to sacrifice so much to be happy You have to sometimes put everything and everyone aside and believe me I did at first I lost a lot but later found out it was the others that lost me It took a long vigorous process for me to accept the fact that not everyone is going to accept me I've tried my whole life to be accepted and I still feel as if I'm not totally a part of society So I write on and hopefully help others feel comfortable and at ease I have always been an empath and that alone is a pain that I wouldn't wish on anyone Believe me it's mostly my own fault for being so naive but like I stated before the rewards are limitless So many people have thanked me and told me stories of success The last couple of years I've told that I should publish my writing and try to get this message out to as many people as I can After much thought I decided to go for it This book represents who and what Bob Frost is I hope I don't come off as pompous but I finally separated myself from my alter ego I am an individual and that's why I have come out and did this I don't use politics or religion in my writing I feel the human soul is enough of a religious and political struggle within you I don't use it a
