Taking Of The Bastille July 14th 1789:

The Fourteenth of July Christopher Prendergast, 2008 The storming of the Bastille on July 14 1789 and the beginning of the French Revolution *The Taking of the Bastille, July 14th 1789* Jacques Léon Godechot, 1970 The taking of the Bastille, July 14th, 1789, tr Jacques Léon Godechot, **The Bastille** Hans-Jurgen Lusebrink, Rolf Reichardt, 1997-07-18 This book is both an analysis of the Bastille as cultural paradigm and a case study on the history of French political culture It examines in particular the storming and subsequent fall of the Bastille in Paris on July 14 1789 and how it came to represent the cornerstone of the French Revolution becoming a symbol of the repression of the Old Regime L sebrink and Reichardt use this semiotic reading of the Bastille to reveal how historical symbols are generated what these symbols functions are in the collective memory of societies and how they are used by social political and ideological groups To facilitate the symbolic nature of the investigation this analysis of the evolving signification of the Bastille moves from the French Revolution to the nineteenth century to contemporary history The narrative also shifts from France to other cultural arenas like the modern European colonial sphere where the overthrow of the Bastille acquired radical new signification in the decolonization period of the 1940s and 1950s The Bastille demonstrates the potency of the interdisciplinary historical research that has characterized the end of this century combining quantitative and qualitative approaches and taking its methodological tools from history sociology linguistics and cultural and literary studies **Contesting the French Revolution** Paul R.

Hanson, 2009-02-17 Contesting the French Revolution provides an insightful overview of one of history s most significant events as well as examining the most significant historiographical debates about this period Explores the causes events and consequences of the French Revolution Offers a stimulating analysis of the most controversial debates Were the events of 1789 a social revolution or a political accident Did they mark the rise of industrial capitalism or the birth of modern democracy Was Napoleon Bonaparte an heir to the ideals of 1789 or a betrayer of the Revolution Shows how historical interpretation of the French Revolution has been influenced by the changing political and social currents of the last 200 years from the Russian Revolution to the fall of the Berlin Wall and how historical study has shifted from a political focus to social and cultural approaches in more recent years **The Fall of the Bastille** Nathaniel Harris, 1986-01-01 Describes the storming of the Bastille fortress on July 14 1789 and the significance of this event in the revolution that followed and in subsequent French history *History of the French Revolution. Translated by C. Coeks, etc* Jules Michelet, 1847
