America Back Charles Kraut,2011 Every American over the age of fifteen needs to read this book the Constitution of the

United States is the most important political document in the history of the human race it enshrines natural rights instead of the terribly destructive human rights which are being forced upon us Very few Americans Understand The Constitution which is why our government has been able to trample and discard it with little or no protest The Patriot s Guide to Taking America Back explains in simple clear language exactly how far we have moved from the Constitution and why America faces so many problems today most of which have been caused by our government The Patriot s Guide offers a plan by which Americans may take America back To The Constitution and regain the sacred freedoms we seem to be willing to throw away If you think something is terribly wrong in America today you re right The Patriot s Guide will help you Understand The problem And The solution

Taking America Back for God Andrew L. Whitehead, Samuel L. Perry, 2020 The President of the United States brags about sexually assaulting women cheats on his wife with Playboy models and porn stars and claims he s never asked for God s forgiveness Yet majorities of both white evangelical and mainline Protestants continue to support him Why do Americans in these religious groups embrace a politician who seems to violate their basic standards of morality A megachurch pastor declares on Fox News that he and tens of millions of Americans think that professional football players kneeling for the national anthem should be thanking God that they live in a country where they re free from the worry of being shot in the head for taking a knee like they would be if they were in North Korea Why do some Americans conflate God and country And why do many of these same Americans seem so unsympathetic to the plight of their fellow citizens who are racial or religious minorities The answer Andrew Whitehead and Samuel Perry argue is a strain of thought that they call Christian nationalism the belief that the United States is and should be a Christian nation Christian ideals and symbols have long played an important role in American public life but Christian nationalism demands far more than a recognition of our religious heritage At its heart Whitehead and Perry argue Christian nationalism is about a fight to preserve a particular kind of social order one in which everyone Christians and non Christians native born and immigrants whites and minorities men and women recognizes their proper place in society And it is a significant driver of political behavior In fact knowing someone s stance on Christian nationalism tells us more about his or her political beliefs than race religion or political party Drawing on national survey data and interviews with Americans across the political spectrum Taking America Back for God illustrates the tremendous influence of Christian nationalism on debates about the most contentious issues dominating American public life

Kierkegaard and the New Nationalism Thomas J. Millay, 2021-12-07 A 2023 Choice Reviews

Outstanding Academic Title Nationalism is a globally resurgent phenomenon From Britain to India to the United States of America we find nations vociferously reasserting their own sovereignty ethnic composition and intrinsic superiority Thomas J Millay demonstrates how Kierkegaard s ascetic voice speaks directly to our present crisis Kierkegaard and the New Nationalism A Contemporary Reinterpretation of the Attack upon Christendom analyzes the late writings of Kierkegaard in light of this new relevance for Kierkegaard s attack upon Christendom is also an attack upon nationalism For Kierkegaard taking on nationalism is not simply a matter of undermining false identity constructions Attacking nationalism is a matter of renunciation it requires ascetic discipline such that the selfish motives at the core of one s identity construction are uprooted and replaced by a self giving love marked by the willingness to suffer

Corsi, 2009-10-13 A RESOUNDING CALL TO DEFEND AMERICA S SOVEREIGNTY AND SAVE OUR NATION FROM GLOBAL ECONOMIC TAKEOVER FROM THE 1 NEW YORK TIMES BESTSELLING AUTHOR OF THE OBAMA NATION AND THE LATE GREAT USA Between President George W Bush s new world order and the unprecedented governmental growth and massive redistribution of wealth under President Barack Obama the United States risks losing the greatest middle class ever created in the history of the world In his groundbreaking new book Dr Jerome R Corsi blows the whistle on a movement to undercut the fundamental principles of limited government that our Founding Fathers fought for and died for trying to establish As policy makers manipulate the economic panic of our times to advance a globalist agenda that threatens American sovereignty we must protect our independent and self governing nation and preserve the decades of economic power and military strength we have enjoyed since the end of World War II In America for Sale Corsi explains the globalists plan to put America on the chopping block While the radical Left promotes socialism and the radical Right champions unbridled free trade valuable jobs are being outsourced our national borders erased and our dollar destroyed before our very eyes Foreign investors are buying up U S assets from financial services firms to public infrastructure such as highways We are on our way to a European Union type North American common market and a one world government With constructive solutions for resisting the global New Deal reversing our dependence on foreign oil and strengthening our middle class Corsi shares important and practical strategies to help American families survive an imminent economic depression The United States can be a major player in the world economy without sacrificing our sovereignty the strength of our national domestic economy or the dollar America is for sale unless taxpayers stand up and say NO to the globalist political agenda that threatens our great nation s freedom

The Rowman & Littlefield Handbook of Contemporary Christianity in the United States Mark A. Lamport, 2022-02-15 The Handbook of Contemporary Christianity in the United States is a one volume examination of Christianity in its role contributions and embattled engagements with the contemporary culture of the postmodern United States While Christianity has been a sustaining force and dominant storyline of the historical foundations of America obvious social political and scientific inroads have lessened its influence and altered the issues considered The handbook explores the

strengths and weaknesses of the Christian faith and traditions in the United States and its rich and textured history with a discernable eye toward how the message strategies and initiatives of Christianity has adapted to contemporary American life

Preparing for War Bradley Onishi, *Baptizing America* Brian Kaylor ,Beau Underwood,2024-06-04 In the face of a rising threat to both church and democracy Baptizing America provides an urgent examination and an enlightening critique exposing the dangerous undercurrents of Christian Nationalism How can Mainline Protestants spot such practices in their own activities A crucial call to reckon with influences before it s too late Christian Nationalism presents an existential threat to both Christ s church and American democracy Now is the time before it is too late to reckon with all the places its pernicious influence arises On full display in recent elections Christian Nationalism also exists in sanctuaries where an American flag has been displayed for decades when we pledge allegiance to one nation Under God or when the U S is called a Christian nation Baptizing America critiques the concept of civil religion arguing that such expressions are far more dangerous than we realize Mainline Protestant congregations will likely recognize themselves in the overlooked expressions of Christian Nationalism that pop up in the activities of both church and state Whose America? Jonathan Zimmerman,2022-08-26 In this expanded edition of his 2002 book Zimmerman surveys how battles over public education have become conflicts at the heart of American national identity Critical Race Theory The 1619 Project Mask mandates As the headlines remind us American public education is still wracked by culture wars But these conflicts have shifted sharply over the past two decades marking larger changes in the ways that Americans imagine themselves In his 2002 book Whose America Zimmerman predicted that religious differences would continue to dominate the culture wars Twenty years after that seminal work Zimmerman has reconsidered arguments over what American history is what it means and how it is taught have exploded with special force in recent years In this substantially expanded new edition Zimmerman meditates on the history of the culture wars in the classroom and on what our inability to find common ground might mean for our future

The Tactics of Hope: Wilford H. Welch,2023-06-20 A Simon Schuster eBook Simon Schuster has a great book for every reader Empires of Dirt: Secularism, Radical Islam, and the Mere Christendom Alternative Douglas Wilson,2016-11-08 As it self destructs the strategy of secularism the idea that nations can be religiously neutral is splitting between American exceptionalism and radical Islam American exceptionalism the belief that America is more than a nation is folly Radical Islam is obviously wrong as well but Muslims at least own the nature of the current cultural conflict You must follow somebody whether it s Allah the State or Jesus Christ This important and timely book is an analysis of the changing face of religion and politics and also an extended argument for Christian expression of faith in Jesus Christ This does not mean a withdrawal from politics to our own communities and churches Instead we Christians must take what we have learned from the wreck of secularism and build a Christendom of the New Foundation A network of nations bound together by a formal public civic acknowledgement of the lordship of Jesus Christ and the fundamental truth of the Apostles Creed **Taking America** Jeff

Madrick,2003 This is a reprint of a previously published work It deals with the megamerger movement of the 1980s and the scandals that it produced *Rendering unto Caesar* Christopher D Surber,2014-11-25 What does it mean to render to Caesar what is his and render to God what is His How a believer understands this text will to a large degree determine how they will approach matters of nationalism and politics as they follow Jesus Dr Chris Surber Matthew 22 15 22 is a passage usually seen as essentially about paying taxes Author Chris Surber takes us deeper into Jesus meaning as he includes the historical context and the crowd to whom Jesus was speaking **The Myth of a Christian Nation** Gregory A.

Boyd,2009-05-18 The church was established to serve the world with Christ like love not to rule the world It is called to look like a corporate Jesus dying on the cross for those who crucified him not a religious version of Caesar It is called to manifest the kingdom of the cross in contrast to the kingdom of the sword Whenever the church has succeeded in gaining what most American evangelicals are now trying to get political power it has been disastrous both for the church and the culture Whenever the church picks up the sword it lays down the cross The present activity of the religious right is destroying the heart and soul of the evangelical church and destroying its unique witness to the world The church is to have a political voice but we are to have it the way Jesus had it by manifesting an alternative to the political power over way of doing life We are to transform the world by being willing to suffer for others exercising power under not by getting our way in society exercising power over At Any Price Patricia Roush,2023-03-21 A mother recounts her interactions with the US government as she struggled to bring home her abducted daughters from Saudi Arabia Patricia Roush s girls were kidnapped more than 16 years ago and taken by their Saudi father who they hardly knew to the kingdom of Saudi Arabia They were three and seven at the time At Any Price is the story of her fight to get them back from a father with a documented history of severe mental illnesses and violent tendencies Amid this tragic set of circumstances was a bigger problem an ongoing demoralizing struggle with the U S government and the Saudi kingdom to reunite her with her children At Any Price reveals the desperate and risky attempts for rescue that slip again and again from Patricia s grasp This personal story of bravery courage and faith will warm and inspire readers **Christodemocracy and the Alternative Democratic Theory of America's Christian Right**

Gabriel S. Hudson,2016-06-25 This book evaluates the democratic theory of America s Christian Right CR The CR has been examined extensively in academic literature However most analyses focus on its origins policy preferences or successful mobilization Hudson instead examines the normative assumptions about governance that inform CR activism The CR has its own answers to the core questions asked in democratic theory such as What legitimizes power and What is the proper relationship between the state and the individual The author outlines ten normative assumptions of the CR and compares each to its counterpoint in liberal democratic theory Much of what the CR believes about democracy comes from the same authors as modern and postmodern democratic theory but differs in its interpretation and application The book describes in detail the theory of CR and demonstrates how the CR operates from a different view of governance than is usually associated
