Emotions Louis H. Primavera,Rob Pascale,2015-08-13 From time to time all of us face circumstances that can be psychologically demoralizing We might have difficulties with certain types of people have marital problems or be overwhelmed by day to day burdens When conditions are especially troublesome we might experience destructive emotions such as anger fear of abandonment or anxiety that get the better of us We may also experience a sense of helplessness a feeling that events and people control us and that can detract from our overall outlook and well being Nevertheless despite how bleak things can appear it is possible to gain more control over our lives and learn to cope better with things that are beyond our control By understanding how and why we react the way we do to various situations and events we can learn to

manage and change our own thoughts and emotions In that way we can maximize the positive and minimize the negative outcomes in our day to day living and in so doing give ourselves an opportunity to enhance our overall well being Using a Rational Emotive Behavior approach the authors show readers how to identify irrational beliefs replace them with rational ones and lead a more fulfilling and balanced life Anyone struggling with emotions or moods that often feel out of control or self defeating will find comfort and guidance in these pages
