Caring for You, Caring for Me David H. Haigler, Kathryn B. Mims, Jack A. Nottingham, 1998 Caring for persons with chronic illnesses or disabilities is a rewarding endeavor but it often places extreme demands on those providing care Caregivers need both education and support to understand their caregiving roles and to cope with the difficult situations they face All too often there is a chasm between professionals who are part of the formal caregiving system and family members friends and neighbors who provide daily care The Caring for You Caring for Me education and support program is a valuable tool for use in providing caregivers with education and support The program is designed to bring formal professional and informal lay family caregivers together to gain a better understanding of each other's perspectives on what it means to be a caregiver with the hope that in the process both will learn to do it better The program is based on caregiving research and the expertise of frontline caregivers The Leader's Guide contains everything needed to conduct a ten hour education and support program for caregivers informational content layouts for overhead transparencies and suggested group activities The companion Participant's Manual supports the presentation providing a workbook for class activities a suggested reading list and a compendium of national sources of help for caregivers Caring for You Caring for Me was developed by the Rosalynn Carter Institute under the guidance of the West Central Georgia Caregivers Network CARE NET The Rosalynn Carter Institute was established in 1987 Its mission is to understand the process of caregiving and discover new ways to benefit both formal and informal caregivers The Institute supports the premise that caregivers and care receivers can be served most effectively through the collaborative efforts of formal and informal caregivers academicians public and private services and organizations representing caregivers and recipients of care

Caring and Competent Caregivers Robert Moroney, 1998 Chronic health conditions are the leading cause of illness disability and death in the United States today affecting nearly one hundred million citizens These conditions cost the economy more than 470 billion a year in direct medical costs and more than 230 billion in lost productivity While Americans pride themselves on living in a caring country society as a whole has not fully prepared for the many challenges presented by chronic illness This timely book illustrates the caregiving needs to be faced in the next century Written by individuals associated with the National Quality Caregiving Coalition NQCC of the Rosalynn Carter Institute Caring and Competent Caregivers is a foundation book for use by academicians conducting professional training programs diverse health care and social service providers on the front lines providing assistance to others and students entering the field Incorporating philosophy social science research and impressionistic evidence this book provides a basis for education and practice that is both inspirational and practical

The text continues to support the entry-level occupational therapist and the experienced occupational therapist focused on expanding skills and knowledge. With the OT practice framework as a guide, you will focus on the core concepts and central goals of client care. And by studying threaded case studies, you will learn to apply theory to clinical practice. Written by a team of expert OT educators and professionals led by Heidi McHugh Pendleton and Winifred Schultz-Krohn, this edition includes an eBook free with each new print purchase featuring a fully searchable version of the entire text. UNIQUE Threaded case studies begin and are woven through each chapter, helping you develop clinical reasoning and decision-making skills and to apply concepts to real-life clinical practice. UNIQUE Ethical Considerations boxes examine the obligation to collaborate with clients on their care, using evidence to select treatment options. UNIQUE OT Practice Notes convey important tips and insights into professional practice. Illustrated evidence-based content provides a foundation for practice, especially relating to evaluation and intervention. Information on prevention rather than simply intervention or treatment shows how OTs can take a proactive role in client care. Focus on health promotion and wellness addresses the role of the occupational therapist in what the AOTA has identified as a key practice area. Content on cultural and ethnic diversity is included in every chapter, reflecting occupational therapy's commitment to this important issue. Key terms, chapter outlines, and chapter objectives highlight the information you can expect to learn from each chapter **SIECUS Report** ,2000
