With this simple but profound idea noted educator and community revitalization pioneer Dr Ron Wolfson presents practical strategies and case studies to transform the old model of Jewish institutions into relational communities He sets out twelve principles of relational engagement to guide Jewish lay leaders professionals and community members in transforming institutions into inspiring communities whose value proposition is to engage people and connect them to Judaism and community in meaningful and lasting ways

Chilton, Jacob Neusner, 2012-02-01 Among the world s religions Christianity and Judaism are the most symmetrical But in our day of religious tolerance a tendency to overlook the vital differences between the two religions in the name of good will can undermine constructive Jewish Christian dialogue In this book Bruce D Chilton describes early Christian thought and Jacob Neusner describes early Judaic thought on fundamental issues such as creation and human nature Christ and Torah sin and atonement and eschatology At the end of each chapter each assesses the other s perspective and a final chapter explains why the authors believe theological confrontation not just comparison defines the task of interfaith dialogue today
