Amadi, 2022-01-17 Decolonizing Colonial Development Models in Africa A New Postcolonial Critique confronts colonial development models to decolonize methodologies epistemologies and the history and practice of development in postcolonial African societies and advocates for Afrocentric alternatives By taking a critical approach and drawing on postcolonial postmodern post developmental and post

structural theories the contributors identify and analyze the effects of global inequality racism white supremacy crisis climate change increasing environmental insecurity underdevelopment chronic diseases and the vulnerability of the postcolonial societies of the global South Together the collection calls for and theorizes a new direction of development that incorporates indigenous Afrocentric alternatives

Documents Relating to the Colonial, Revolutionary and Post-revolutionary History of the State of New Jersey, 1906 Making and Breaking Settler Space Adam J. Barker, 2021-09-15 Five hundred years A vast geography And an unfinished project to remake the world to match the desires of settler colonizers How have settlers used violence and narrative to transform Turtle Island into North America What does that say about our social systems and what happens next Drawing on multiple disciplines archival sources pop culture and personal experience Making and Breaking Settler Space creates a model that shows how settler spaces have evolved From the colonization of Turtle Island in the 1500s to problematic activist practices by would be settler allies today Adam Barker traces the trajectory of settler colonialism drawing out details of its operation and unflinchingly identifying its weaknesses Making and Breaking Settler Space proposes an innovative unified spatial theory of settler colonization in Canada and the United States In doing so it offers a framework within which settlers can pursue decolonial actions in solidarity with Indigenous communities

Blood, Land, and Sex Lyda Favali, Roy Pateman, 2003-06-18 In Eritrea state traditional and religious laws equally prevail but any of these legal systems may be put into play depending upon the individual or individuals involved in a legal dispute Because of conflicting laws it has been difficult for Eritreans to come to a consensus on what constitutes their legal system In Blood Land and Sex Lyda Favali and Roy Pateman examine the roles of the state ethnic groups religious groups and the international community in several key areas of Eritrean law blood feud or murder land tenure gender relations marriage prostitution rape and female genital surgery Favali and Pateman explore the intersections of the various laws and discuss how change can be brought to communities where legal ambiguity prevails often to the grave harm of women and other powerless individuals This significant book focuses on how Eritrea and other newly emerging democracies might build pluralist legal systems that will be acceptable to an ethnically and religiously diverse population

The Museum of Foreign Literature, Science, and Art Robert Walsh, Eliakim Littell, John Jay Smith, 1836 **Museum of Foreign Literature, Science and Art**, 1836 Daily Life in Colonial New England Claudia Durst Johnson, 2017-04-17 This book presents a unique perspective on life in Colonial England exposing many misconceptions and depicting how elements of its culture that are typically regarded as marginal such as the activities of pirates actually had an extensive impact of the populace The daily lives of most colonial New Englanders were much more colorful and exotic than the drab pious picture many of us have in mind Daily Life in Colonial New England exposes as myth much of what we might believe about this era and reveals surprising truths for example that sex was openly discussed in Colonial times and was regarded as a welcome necessity of married life and that women had more legal and marital rights than they did in the 19th century The book

describes topics such as the legal and sexual rights of women the extent of infant mortality the lives of underclass citizens who formed the majority in New England such as indentured servants African slaves debtors and criminals and the integral role that pirates played in business and employment during the Colonial period Readers will gain deeper insight into what life during this period was like through accounts of the real terror of being one of the accused in witch hunts and the sympathy that the general population had for dissidents who were questioned and arrested by the government Primary materials that range from legal documents to sermons letters and diaries are used as sources that verify historical ideas and events

Engendering Democracy in Africa Niamh Gaynor, 2022-06-01 This book investigates women's political participation in Africa Going beyond the formal institutions of electoral politics it explores a range of spaces where everyday politics take place at national and at local levels In recent years there have been significant improvements in the number of women elected to parliament in Africa However there is little indication that this is translating into better developmental outcomes and indeed there is mounting evidence that it could in fact help to bolster some authoritarian regimes Starting from the premise that politics is a far broader project than securing a seat in national or local legislatures alone this book explores the opportunities for women's political participation across a number of informal spaces where women and men gather organise and interact in a more regular and systematic manner Combining insights from political science sociology and feminist theory and drawing on detailed cases from the Congo Kenya Malawi Nigeria and Rwanda it examines how power in its multiple dimensions circulates across a range of everyday political spaces while drawing attention to the links between domestic gender inequalities and the global political economy Inviting scholars practitioners and activists to broaden their focus beyond formal electoral institutions if they want to support women to become more politically active this book provides fresh insights into major issues at the heart of African studies development studies gender and development democratisation and international relations
