Union in Literature for Children and Young Adults, 1991-10-16 A comprehensive guide to children's and adolescent fiction, traditional literature and biography, autobiography dealing with the nationalities of the Soviet Union. This book is intended as a resource for teachers, librarians and parents seeking to imbue young people with a sympathetic understanding of another culture. It indicates the breadth of publications in the field and offers guidance in selecting the most appropriate books. The annotated bibliography thoroughly describes 536 books written in or translated into English and published from 1900 to 1990 portraying the lives of Russian and Soviet immigrants in Europe and North America. The literature itself reflects more than a thousand years of history from the establishment of Kievan Rus, the largest state of early medieval Europe, through the Mongol invasion and the rise and fall of imperial Russia to the establishment of the Soviet Union and the period of political and cultural ferment in the early 1990s. The sources are grouped according to major geographical and political regions: The Russian Federation, The Ukraine, Byelorussia and Moldavia, Estonia, Latvia and Lithuania, Armenia, Georgia and Azerbaijan, Kazakhstan, Kirghizia, Tajikistan, Turkmenistan and Uzbekistan, and further divided by genres. Annotations generally provide plot summary, literary analysis and criticism, evaluation of illustrations and information about literary and artistic awards. Reading and use levels are included with the citations. Indexes of author, translator and illustrator of titles and of subjects are provided with the latter referring to topical areas as well as historical periods and personages and geographical and political areas and terms. The volume introduction offers a survey of the Soviet lands and peoples and their literary activities with special emphasis on literature for youth.

Beyond the North Wind Darra Goldstein, 2020-02-04 100 traditional yet surprisingly modern recipes from the far northern corners of Russia featuring ingredients and dishes that young Russians are rediscovering as part of their heritage. IACP AWARD FINALIST, LONGLISTED FOR THE ART OF EATING PRIZE, NAMED ONE OF THE BEST COOKBOOKS OF THE YEAR BY THE WASHINGTON POST AND FORBES. A necessary resource for food writers and for eaters, a fascinating read and good excuse to make fermented oatmeal. Bon Appétit! Russian cookbooks tend to focus on the food that was imported from France in the nineteenth century or the impoverished food of the Soviet era. *Beyond the North Wind* explores the true heart of Russian food, a cuisine that celebrates whole grains, preserved and fermented foods and straightforward but robust flavors. Recipes for a dazzling array of pickles and preserves, infused vodkas, homemade dairy products such as farmers cheese and cultured butter, puff pastry hand pies stuffed with mushrooms and fish, and seasonal vegetable soups showcase Russian foods that are organic and honest, many of them old dishes that feel new again in their elegant minimalism. Despite the country's harsh climate, this surprisingly sophisticated cuisine has an incredible depth of flavor to offer in dishes like Braised Cod with Horseradish, Roast Lamb with Kasha, Black Currant Cheesecake and so many more. This home style cookbook with a strong sense of place and evocative storytelling brings to life a rarely seen portrait of Russia, its people and its palate, with 100 recipes, gorgeous photography and essays on the little known culinary history of this fascinating and wild part of the world.
