A History of Wine in America, Volume 1

Thomas Pinney, 2007-09-17 The Vikings called North America Vinland the land of wine Giovanni de Verrazzano the Italian explorer who first described the grapes of the New World was sure that they would yield excellent wines And when the English settlers found grapes growing so thickly that they covered the ground down to the very seashore they concluded that in all the world the like abundance is not to be found Thus from the very beginning the promise of America was in part the alluring promise of wine How that promise was repeatedly baffled how its realization was gradually begun and how at last it has been triumphantly fulfilled is the story told in this book It is a story that touches on nearly every section of the United States and includes the whole range of American society from the founders to the latest immigrants Germans in Pennsylvania Swiss in Georgia Minorcans in Florida Italians in Arkansas French in Kansas Chinese in California all contributed to the domestication of Bacchus in the New World So too did innumerable individuals institutions and organizations Prominent politicians obscure farmers eager amateurs sober scientists these and all the other kinds and conditions of American men and women figure in the story The history of wine in America is in many ways the history of American origins and of American enterprise in microcosm While much of that history has been lost to sight especially after Prohibition the recovery of the record has been the goal of many investigators over the years and the results are here brought together for the first time In print in its entirety for the first time A History of Wine in America is the most comprehensive account of winemaking in the United States from the Norse discovery of native grapes in 1001 A D through Prohibition and up to the present expansion of winemaking in every state

"The" Athenaeum ,1887 *The Publishers Weekly* ,1924

The Saturday Review of Politics, Literature, Science and Art ,1878 *The Fantasy Literature of England*

Colin N. Manlove, 2020-05-11 In this the first book on English fantasy Colin Manlove shows that for all its immense diversity English fantasy can best be understood in terms of its strong national character rather than as an international genre Showing its development from Beowulf to Blake the author describes English fantasy's modern growth through secondary world metaphysical emotive comic subversive and children's fantasy In them all England has led the world with authors as different as Chaucer Lewis Carroll J R R Tolkien and Salman Rushdie **American Publishers' Circular and Literary Gazette**, 1855 **Norton's Literary Gazette and Publishers' Circular**, 1855 **The Roots of the World** Duncan B. Reyburn, 2025-02-24 During his career the metaphysically minded journalist G K Chesterton 1874 1936 made a number of remarkable predictions about the future many of which have come true He had no science of history or theory of progress and he vehemently denied that what he was foretelling was inevitable in any way Yet he was still able to imagine with impressive clarity so much of what has come to pass This raises an obvious question How was Chesterton able to be so prescient In this book Duncan Reyburn offers an answer by arguing that Chesterton's gift for prophecy resulted from his unique awareness of formal causation which differs from the typical modern focus on efficient causes and effects To understand Chesterton's attunement to the formal cause his work is refracted through the lenses provided by four thinkers Plato Aristotle Marshall McLuhan and William Desmond These fit together to create a philosophical theological telescope that we can look through to better see the astonishing world in which we live as well as perhaps some of what might happen next **The Bookseller**, 1876 **Mark Twain at the Gallows** Jarrod D. Roark, 2019-10-08 This book is a literary exploration of Mark Twain's writings on crime in the American West and its intersection with morality gender and justice Writing from his office at the Enterprise newspaper in the Nevada Territory Twain employed a distinct style of crime writing one that sensationalized facts and included Twain's personal philosophies and observations Covering Twain's journalism fictional works and his own personal letters this book contextualizes the writer's coverage of crime through his anxieties about westward expansion and the promise of a utopian West Twain's observations on the West often reflected common perceptions of the day positioning him as a voice of the people on issues like crime punishment and gender *The Dial*, 1895 **Feasting on the Gospels--John, Volume 1** Cynthia A. Jarvis, E. Elizabeth Johnson, 2015-03-19 Feasting on the Gospels follows up on the success of the Feasting on the Word series with all new material on the most prominent and preached on New Testament books the four Gospels With contributions from a diverse and respected group of scholars and pastors Feasting on the Gospels covers every single passage in the Gospels making it suitable for both lectionary and nonlectionary use Moreover these volumes incorporate the unique format of Feasting on the Word with four perspectives for preachers to choose from for each Gospel passage theological pastoral exegetical and homiletical
