Martin, 1998 **The Horseman** Tim Pears, 2017-01-12 From the prize winning author of *In the Place of Fallen Leaves* comes a beautiful hypnotic pastoral novel reminiscent of Thomas Hardy about an unexpected friendship between two children set in Devon in 1911 1911 In a forgotten valley on the Devon Somerset border the seasons unfold marked only by the rituals of the farming calendar Twelve year old Leopold Sercombe skips school to help his father a carter Skinny and pale Leo dreams of a job on the estate s stud farm He is breaking a colt for his father when a boy dressed in a Homburg breeches and riding boots appears Peering under the stranger s hat he discovers Miss Charlotte the Master s daughter And so begins a friendship between the children bound by a deep love of horses but divided by rigid social boundaries boundaries that become increasingly difficult to navigate as they approach adolescence [The Correlates of Loneliness](#) Ami Rokach, 2016-06-27 Loneliness has been described by modern psychologists as a 21st century epidemic as it has been the subject of numerous news headlines in many regions While many elderly people are affected by loneliness the phenomenon has been increasingly observed by sociologists in younger individuals as well including adolescents and university students The correlates of loneliness is a collection of articles written by leading experts in the fields of psychology sociology social work and education which examine how loneliness affects the various aspects of human lives such as mental health relationships growing up educational experiences and the ability to be and remain an integral part of society The book explains the concept of loneliness in psychological theory and presents a few studies on loneliness among different populations including a case study on Finnish people Written in a clear and systematic manner The correlates of loneliness is the definitive beginners reference on the topic of loneliness for academicians sociologists psychiatrists and general readers **The West Country Trilogy** Tim Pears, 2020-11-26 The collected trilogy of Tim Pears s spellbinding chronicle of love exile and belonging in a world on the brink of change THE HORSEMAN A beautiful hypnotic pastoral novel reminiscent of Thomas Hardy about an unexpected friendship between two children set in Devon in 1911 A novel that is as moving and profound as it is evocative of the landscape and period Observer THE WANDERERS Two

teenagers bound by love yet divided by fate forge separate paths in pre First World War Devon and Cornwall Goodness Tim Pears writes beautifully The descriptions of rural life executed with painterly exactness are a constant delight The prose really sings Mail on Sunday THE REDEEMED A love divided A world torn in two A return A redemption Exemplary a feat of perception and description that earns him a place among a pantheon that stretches from Thomas Hardy to Flora Thompson Guardian *Our Debt to the Dog* Bryan D. Cummins,2013-11-07 When Homo sapiens sapiens met Canis lupus lupus millennia ago the result was Canis lupus familiaris the domestic dog Since that fateful encounter the dog has become arguably humankind s greatest creation The domestic dog is the most widely distributed species other than ourselves in the world being found virtually wherever people live and is also the most diversified of species with literally hundreds of recognized breeds While we have shaped the dog it too has helped shape human history in innumerable ways Our Debt to the Dog is a critical historical and cross cultural examination through the use of case studies of this most improbable 15 000 year relationship and an exploration of how this relationship shaped the history of the world It is also very much an apology to the dog because over the course of the partnership horrific acts were perpetrated against it intentionally and otherwise Our Debt to the Dog enriches our understanding of the dog and extends our appreciation for the profound complexity of past and present human canine relationships and the dog s contributions to our lives and our world **Picnic Crumbs** Anabel Loyd,2014-01-01 A collection of stories from all sorts of people over several centuries **Whitaker's Book List** ,1989

Up and Down Stairs Jeremy Musson,2009-11-12 Country houses were reliant on an intricate hierarchy of servants each of whom provided an essential skill Up and Down Stairs brings to life this hierarchy and shows how large numbers of people lived together under strict segregation and how sometimes this segregation was broken as with the famous marriage of a squire to his dairymaid at Uppark Jeremy Musson captures the voices of the servants who ran these vast houses and made them work From unpublished memoirs to letters wages newspaper articles he pieces together their daily lives from the Middle Ages through to the twentieth century The story of domestic servants is inseparable from the story of the country house as an icon of power civilisation and luxury This is particularly true with the great estates such as Chatsworth Hatfield Burghley and Wilton Jeremy Musson looks at how these grand houses were for centuries admired and imitated around the world **Forthcoming Books** Rose Arny,1994-02 *The Wolf in the Moonlight - A Fine Selection of Classic Tales of Wolves and Were-Wolves (Cryptofiction Classics - Weird Tales of Strange Creatures)* Various,2015-02-17 These early works by various authors were written between the Middle Ages and the early 20th century and we are now republishing them with a brand new introduction as part of our Cryptofiction Classics series The Wolf in the Moonlight contains a collection of short stories about the charismatic creature the wolf and includes The White Wolf of the Hartz Mountains by Frederick Marryat 1839 The Wolf by Guy de Maupassant 1882 Olalla by by Robert Louis Stevenson 1885 and many more Homo sapiens and canis lupus have a long and chequered history together Amongst early agricultural societies the wolf was widely feared for

its tendency to devastate supplies of livestock This fear was passed down through the generations codified in countless legends and folktales so that by the Early Middle Ages as academic and wolf expert Beryl Rowland puts it the wolf was established as the universal baleful symbol The Cryptofiction Classics series contains a collection of wonderful stories from some of the greatest authors in the genre including Ambrose Bierce Arthur Conan Doyle Robert Louis Stevenson and Jack London From its roots in cryptozoology this genre features bizarre fantastical and often terrifying tales of mythical and legendary creatures Whether it be giant spiders werewolves lake monsters or dinosaurs the Cryptofiction Classics series offers a fantastic introduction to the world of weird creatures in fiction
