Tales Of The Rabbis In The Haggada:

Rereading the Mishnah Judith Hauptman, 2005 Judith Hauptman argues that the Tosefta a collection dating from approximately the same time period as the Mishnah and authored by the same rabbis is not later than the Mishnah as its name suggests but earlier The Redactor of the Mishnah drew upon an old Mishnah and its associated supplement the Tosefta when composing his work He reshaped reorganized and abbreviated these materials in order to make them accord with his own legislative outlook It is possible to compare the earlier and the later texts and to determine case by case the agenda of the Redactor According to the author's theory it is also possible to trace the evolution of Jewish law practice and ideas When the Mishnah is seen as later than the Tosefta it becomes clear that the Redactor inserted numerous mnemonic devices into his work to assist in transmission The synoptic gospels may have undergone a similar kind of editing Elijah and the Rabbis Kristen H.
