The Art of the Turkish Tale Barbara K. Walker, 1990 In casting them into English Walker has paid particular attention to capturing the flavor and excitement of the Turkish telling while not infringing on the narrator s right to have the tale recreated as he had told it The Beauty power and appeal of the present volume for the general reading public however depends largely upon Barbara Walker s own consummate skill as a teller and re teller of tales and her commitment to conveying as much of the Turkish performance context as possible In a gesture which is perhaps symptomatic of the reasons for this volume s success Barbara Walker recognizes in the Acknowledgments section each and every tale teller by name all forty of them ranging in age from nine to ninety and coming from the many different walks of life both urban and rural to be found in twenty out of Turkey s seventy four provinces from Mugla to Kars and from Istanbul to Diyarbakir In presenting the works of all these generous bearers of tradition to an English speaking audience she has achieved her aim of opening a small window on the art of the Turkish tale in a volume which stands as a tribute to the art of book making as well Sarah Moment Atis Chair Middle East Studies Program University of Wisconsin Madison President Turkish Studies Association This will stand as a fine quintessential contribution One hears the whispers of the original voices in these versions all of which are artful recast in colloquial rhythms and couched in a style that conveys the substance the shape the spirit and the sumptuousness or the simplicity of the tale Talat Sait Halman Turkey s former Minister of Culture then Ambassador for Cultural Affairs now Professor of Near Eastern Languages and Literatures New York University
