After Harm Nancy Berlinger, 2007-10-22 Medical error is a leading problem of health care in the United States Each year more patients die as a result of medical mistakes than are killed by motor vehicle accidents breast cancer or AIDS While most government and regulatory efforts are directed toward reducing and preventing errors the actions that should follow the injury or death of a patient are still hotly debated According to Nancy Berlinger conversations on patient safety are missing several important components religious voices traditions and models In *After Harm* Berlinger draws on sources in theology ethics religion and culture to create a practical and comprehensive approach to addressing the needs of patients families and clinicians affected by medical error She emphasizes the importance of acknowledging fallibility telling the truth confronting feelings of guilt and shame and providing just compensation *After Harm* adds important human dimensions to an issue that has profound consequences for patients and health care providers **Talks with T.G. Masaryk** Tomáš Garrigue Masaryk, Karel Čapek, 1995 Translated by Dora Round Tomas Garrigue Masaryk 1850 1937 was a philosophy professor who became the founder and first president of Czechoslovakia 1918 1935 and was a leading figure in world affairs between the wars Capek author of *War with the Newts* and Czechoslovakia's most prominent writer during these years interviewed Masaryk at great length and produced this volume that tells Masaryk's unique story

The Oxford Guide to Literature in English Translation Peter France, 2000 This guide highlights the place of translation in our culture encouraging awareness of the process of translating and the choices involved making the translator more visible Concentrating on major writers and works it covers translations out of many languages from Greek to Hungarian Korean to Turkish For some works e.g. Virgil's

Aeneid which have been much translated the discussion is historical and critical showing how translation has evolved over the centuries and bringing out the differences between versions Elsewhere with less familiar literatures the Guide examines the extent to which translation has done justice to the range of work available

Minding the Law Anthony G. AMSTERDAM, Jerome S. Bruner, Anthony G Amsterdam, 2009-06-30 In this remarkable collaboration one of the nation's leading civil rights lawyers joins forces with one of the world's foremost cultural psychologists to put American constitutional law into an American cultural context By close readings of key Supreme Court opinions they show how storytelling tactics and deeply rooted mythic structures shape the Court's decisions about race family law and the death penalty Minding the Law explores crucial psychological processes involved in the work of lawyers and judges deciding whether particular cases fit within a legal rule categorizing telling stories to justify one's claims or undercut those of an adversary narrative and tailoring one's language to be persuasive without appearing partisan rhetorics Because these processes are not unique to the law courts' decisions cannot rest solely upon legal logic but must also depend vitally upon the underlying culture's storehouse of familiar tales of heroes and villains But a culture's stock of stories is not changeless Amsterdam and Bruner argue that culture itself is a dialectic constantly in progress a conflict between the established canon and newly imagined possible worlds They illustrate the swings of this dialectic by a masterly analysis of the Supreme Court's race discrimination decisions during the past century A passionate plea for heightened consciousness about the way law is practiced and made Minding the Law tilte will be welcomed by a new generation concerned with renewing law's commitment to a humane justice

Amsterdam a distinguished Supreme Court litigator wanted to do more than share the fruits of his practical experience He also wanted to get students to think about thinking like a lawyer To decode what he calls law think he enlisted the aid of the venerable cognitive psychologist Jerome Bruner and the collaboration has resulted in this unusual book James Ryerson Lingua Franca Reviews of this book It is hard to imagine a better time for the publication of Minding the Law a brilliant dissection of the court's work by two eminent scholars law professor Anthony G Amsterdam and cultural anthropologist Jerome Bruner Issue by issue case by case Amsterdam and Bruner make mincemeat of the court's handling of the most important constitutional issue of the modern era how to eradicate the American legacy of race discrimination especially

against blacks Edward Lazarus Los Angeles Times Book Review Reviews of this book This book is a gem Its thesis is easily stated but remarkably unrecognized among a shockingly large number of lawyers and law professors law is a storytelling enterprise thoroughly entrenched in culture Whereas critical legal theorists have talked among themselves for the past two decades Amsterdam and Bruner seek to engage all of us in a dialogue For that they should be applauded Daniel R Williams New York Law Journal Reviews of this book In Minding the Law Anthony Amsterdam and Jerome Bruner show us how the Supreme Court creates the magic of inevitability They are angry at what they see Their book is premised on the conviction that many of the choices made in Supreme Court opinions lack any justification in the text Their method is to analyze the text of opinions and to show how the conclusions reached do not always follow from the logic of the argument They also show how the Court casts its rhetoric like a spell mesmerizing its audience and making the highly contingent shine with the light of inevitability Mitchell Goodman News and Observer Raleigh North Carolina Reviews of this book What do controversial Supreme Court decisions and classic age old tales of adultery villainy and combat have in common Everything at least in the eyes of Amsterdam and Bruner In this substantial study which is equal parts dense and entertaining the authors use theoretical discussions of literary technique and myths to expose what they see as the secret intentions of Supreme Court opinions Studying how lawyers and judges employ the various literary devices at their disposal and noting the similarities between legal thinking and classic tactics of storytelling and persuasion they believe can have astonishing consciousness retrieving effects The agile minds of Amsterdam and Bruner clearly storehouses of knowledge on a range of subjects allow an approach that might sound far fetched occasionally but pays dividends in the form of gained perspective and amusement Elisabeth Lasch Quinn Washington Times Reviews of this book Stories and the way judges intentionally or not categorize and spin them are as responsible for legal rulings as logic and precedent Mr Amsterdam and Mr Bruner said Their novel attempt to reach into the psyche of members of the Supreme Court is part of a growing interest in a long neglected and cryptic subject the psychology of judicial decision making Patricia Cohen New York Times Most law professors teach by the case method or say they do In this fascinating book Anthony Amsterdam a lawyer and Jerome Bruner a psychologist expose how limited most case analysis really is as they show how much can be learned through the close reading of the phrases sentences and paragraphs that constitute an opinion or other pieces of legal writing Reading this book will undoubtedly make one a better lawyer and teacher of lawyers But the book s value and interest goes far beyond the legal profession as it analyzes the way that rhetoric in law politics and beyond creates pictures and convictions in the minds of readers and listeners Sanford Levinson author of Constitutional Faith Tony Amsterdam the leader in the legal campaign against the death penalty and Jerome Bruner who has struggled for equal justice in education for forty years have written a guide to demystifying legal reasoning With clarity wit and immense learning they reveal the semantic tricks lawyers and judges sometimes use consciously and unconsciously to justify the results they want to reach Jack Greenberg Professor of Law

Columbia Law School **From Lowbrow to Nobrow** Peter Swirski, 2005 From Lowbrow to Nobrow vindicates popular fiction as an art form that expresses and reflects the aesthetic and social values of its readers **Three Novels** Karel Čapek, 1990 This trilogy of novels was the culmination of Karel Čapek's career The novels share neither characters nor events instead they approach the problem of knowing people of mutual understanding in a variety of ways Detectives faced with a murder reconstruct the crime but not the character of the man who was murdered Three people tell stories about a dying pilot they know almost nothing about each story is as full of truth as it is devoid of facts And one man looks back on his life and discovers all the people he might have been Together these three short novels form a readable philosophical novel unique in world literature *Essays on the arts and sciences* Miloslav Rechcigl, 2019-02-01 To celebrate the 270th anniversary of the De Gruyter publishing house the company is providing permanent open access to 270 selected treasures from the De Gruyter Book Archive Titles will be made available to anyone anywhere at any time that might be interested The DGBA project seeks to digitize the entire backlist of titles published since 1749 to ensure that future generations have digital access to the high quality primary sources that De Gruyter has published over the centuries **Karel Čapek** Ivan Klíma, 2002 And although originally written in Czech the book was commissioned by Catbird Press and was therefore written with foreign readers in mind in other words no prior knowledge of Čapek's writings or his milieu is required **BOOK JACKET** *American Crime Fiction* Peter Swirski, 2016-07-15 Peter Swirski looks at American crime fiction as an artform that expresses and reflects the social and aesthetic values of its authors and readers As such he documents the manifold ways in which such authorship and readership are a matter of informed literary choice and not of cultural brainwashing or declining literary standards Asking in effect a series of questions about the nature of genre fiction as art successive chapters look at American crime writers whose careers throw light on the hazards and rewards of nobrow traffic between popular forms and highbrow aesthetics Dashiell Hammett John Grisham William Faulkner Ernest Hemingway Raymond Chandler Ed McBain Nelson DeMille and F Scott Fitzgerald **Etgar Keret's Literature and the Ethos of Coping with Holocaust Remembrance** Yael Seliger, 2024-01-16 This book highlights the need for a shift from thinking in terms of memories of traumatic events to changeable modes of remembrance The call for a fundamental change in approaches to commemorative remembrance is exemplified in literature written by the internationally acclaimed writer Etgar Keret Considered the most influential Israeli voice of his generation Keret's storytelling is in congruence with postmodern thinking Through transferring remembrance of the Holocaust from stagnant Holocaust commemoration museums and commemorative ceremonies to unconventional settings such as youngsters playing soccer or being forced to venture outdoors in a COVID 19 pandemic environment Keret's storytelling ushers in a unique approach to coping with remembrance of historical catastrophes The book is a valuable resource for students and scholars interested in pursuing the subjects of Etgar Keret's artistry and literature written in a post modern post Holocaust milieu about personal and collective traumatic remembrance SEA
