The Elementary English Review ,1926 **The Lost Realms (Book IV)** Zecharia Sitchin,1990-09-01

The Earth Chronicles series is based on the premise that mythology is not fanciful but the repository of ancient memories that the Bible ought to be read literally as a historic scientific document and that ancient civilizations older and greater than assumed were the product of knowledge brought to Earth by the Anunnaki Those Who from Heaven to Earth Came The 12th Planet the first book of the series presents ancient evidence for the existence of an additional planet in the Solar System the home planet of the Anunnaki In confirmation of this evidence recent data from unmanned spacecraft has led astronomers to actively search for what is being called Planet X The subsequent volume The Stairway to Heaven traces man s unending search for immortality to a spaceport in the Sinai Peninsula and to the Giza pyramids which had served as landing beacons for it refuting the notion that these pyramids were built by human pharaohs Recently records by an eye witness to a forgery of an inscription by the pharaoh Khufu inside the Great Pyramid corroborated the book s conclusions The Wars of Gods and Men recounting events closer to our times concludes that the Sinai spaceport was destroyed 4 000 years ago with nuclear weapons Photographs of Earth from space clearly show evidence of such an explosion Such gratifying corroboration of audacious conclusions has been even swifter for The Lost Realms In the relatively short interval between the completion of the manuscript and its publication archaeologists linguists and other scientists have offered a coastal theory in lieu of the frozen trekking one to account for

man's arrival in the Americas in ships as this volume has concluded. These experts have suddenly discovered 2 000 years of missing civilization in the words of a Yale University scholar confirming this book's conclusion and are now linking the beginnings of such civilizations to those of the Old World as Sumerian texts and biblical verses. For the first time the entire Earth Chronicles series is now available in a hardcover collector's edition. Magical Fairy Tales Lizzie Gardner, 2023-01-02

Elementary English Review, 1926 SCC library has 1949 cur **Bad Bitches of Antiquity** Lorelei Wilder, 2025-07-22
A feminist retelling of the most formidable women in world mythology. Move over Zeus. The most powerful goddesses, mortals, and sorceresses of the ancient world have something to say. *Bad Bitches of Antiquity* is the modern compendium of badass mythological women who used their powers, prowess, mischief, and cleverness to make moves, exact revenge, bestow miracles, and cleverly control the comings and goings of mortals and gods alike. This timely and timeless book takes a fresh look at the unforgettable women of mythology, answering questions such as: Was Demeter a forlorn mother who lost her child or the reason for the seasons? Is Ariadne merely the wife of Dionysus or a keeper of labyrinths worthy of a constellation? Was Ixchel a simple fertility goddess or a fierce protector of women? From Medusa to the Morrigan, Atalanta to Athena and Persephone to Pele, readers will discover the empowering and relatable truth behind the immortal curtain of their favorite tales. Each captivating story embraces the multitudes within these mythical women to present them with the grace, humor, and hint of irreverence they truly deserve. New Age Magazine, 1919
