outstanding books on hunting in Africa was born and has long lived in the South Examining Southern hunting from frontier times through the antebellum era to the present day he shows it to be a litmus test of rural identity Drawing on the latest anthropological theory statistical sources extensive interviews and historical research Marks has crafted a multifaceted account of Southern hunting Relations of race property gender and region appear in fresh guises in this innovative and intriguing study The portrayal of the contemporary state of hunting is especially interesting revealing both the continuities with the past and the new pressures on the sport Virginia Quarterly Review Adventures of Rabbah and Friends James Adam Redfield,2025-06-15 James Adam Redfield offers a new reader centered approach to some of the Talmud s most challenging stories and how these tales have interacted with diverse interpretive frameworks from ancient myth to modern mysticism By reevaluating conventional assumptions about coherence authority and tradition the book redefines how stories can function in the Talmud reorients the study of rabbinic literature around practices of reading and reception and opens pathways for connecting the Talmud with broader conversations in the study of literature Rich appendixes revealing the stories reception in late ancient exegesis medieval responsa and early modern commentaries make this volume a valuable specialist resource while its lively prose is accessible for a wider audience of students and humanities scholars *Myths and Myth-makers: Old Tales and Superstitions Interpreted by Comparative Mythology* Fiske,1892 Myths and Myth-Makers: Old Tales and Superstitions Interpreted by Comparative Mythology John Fiske,1873 From Ridgetops To Riverbottoms Sam Venable,2025-03-14 From Ridgetops to Riverbottoms takes the reader on a journey down the many winding roads of the outdoor experience in Tennessee Such a journey requires a seasoned guide and there can be no better one than journalist Sam Venable who has written about the woods and waters of his native state for the past twenty five years For Venable the outdoor world is meant to be enjoyed Whether he is casting popping bugs to bluegills during the frenzy of a willow fly hatch lying motionless on his back in muddy corn stubble as mallards warily circle his decoys savoring the sounds and scents of a moonlit summer night when smallmouth bass are on the prowl or issuing plaintive love calls to an amorous wild turkey gobbler the author s fascination with outdoor recreation never diminishes And as the reader quickly finds this fascination is contagious Along with the lightheartedness and rich humor in these pages there is an unmistakable love of the land and a deep concern for the endangered bond between nature and humankind Like the trout in the stream or the deer in the forest Venable suggests we are as much a product of the land as any living creature And what affects one for better or worse ultimately affects all **Food and Feast in Modern Outlaw Tales** Alexander L.
