**The Collected Works of Algernon Blackwood (10 Novels & 80+ Short Stories in One Edition)** Algernon Blackwood, 2023-11-20 The Collected Works of Algernon Blackwood is a comprehensive collection of the renowned author's 10 novels and over 80 short stories Blackwood's literary style is characterized by his mastery of the supernatural and the occult often creating atmospheres of dread and mystery in his works His stories delve into the unknown and the unexplained exploring themes of spirituality nature and the paranormal Set against the backdrop of the late 19th and early 20th centuries Blackwood's writing is both captivating and eerie drawing readers into a world

where reality and the supernatural collide The collection showcases Blackwood's ability to blend horror with philosophical inquiries making it a must read for fans of supernatural fiction Algernon Blackwood's own experiences with the supernatural and his deep interest in mystical traditions heavily influenced his works adding depth and authenticity to his storytelling His exploration of the human psyche and connection to the natural world provides insight into his motivations for writing such captivating tales The Collected Works of Algernon Blackwood is recommended for readers seeking to immerse themselves in the haunting and enigmatic world of supernatural literature *Orpheus in Macedonia* Tomasz Mojsik,2022-11-17

The mythological hero Orpheus occupied a central role in ancient Greek culture but the son of Oeagrus and Thracian musician venerated by the Greeks has also become a prominent figure in a long tradition of classical reception of Greek myth This book challenges our entrenched idea of Orpheus and demonstrates that in the Classical and Hellenistic periods depictions of his identity and image were not as unequivocal as we tend to believe today Concentrating on Orpheus ethnicity and geographical references in ancient sources Tomasz Mojsik traces the development of and changes in the mythological image of the hero in Antiquity and sheds new light on contemporary constructions of cultural identity by locating the various versions of the mythical story within their socio political contexts Examination of the early literary sources prompts a reconsideration of the tradition which locates the tomb of the hero in Macedonian Pieria and the volume argues for the emergence of this tradition as a reaction to the allegation of the barbarity and civilizational backwardness of the Macedonians throughout the wider Greek world These assertions have important implications for Archelaus Hellenizing policy and his commonly acknowledged sponsorship of the arts which included his incorporating of the Muses into the cult of Zeus at the Olympia in Dium
