Taliban Phenomenon Afghanistan 1994 1997:

The Taliban Phenomenon Afghanistan 1994-1997: With An Afterword Covering Major Events Since 1997 Kamal Matinuddin, 2000 The Taliban Phenomenon Created A New And Puzzling Reality When It First Appeared In 1994 Gathered Momentum And Grew Into A Force That Dominated The Afghan Landscape War Hardened Adversaries Either Joined The Taliban Or Fell Back In Disarray Some Observers Saw Them As Militant Reformists With Sword In One Hand And The Koran In The Other The Rapidity With Which They Brought Large Tracts Of War Ravaged Territory Under Control Putting An End To Crime And Disorder Attracted World Attention Until Their Draconian Measures And Fundamentalism Raised Alarm In The World *The Taliban Phenomenon* Kamal Matinuddin, 1999-12-01 Gives a comprehensive account of the origin of the Taliban movement and the reasons for its phenomenal success It examines in depth the impact of the ethnic divide on Afghanistan's future and the repercussions of the Taliban's extreme religious views on Pakistan and other neighboring countries It critically analyzes Pakistan's Afghan policy after the emergence of the student militia to see if it has served the country's long term interests Lt Gen Kamal Matinuddin has had a long and distinguished military career following which he joined the diplomatic corps and represented Pakistan in several capacities For this volume he has tapped primary sources which give a great deal of originality and authenticity to the book Illus **The Afghan Way of War** Robert Johnson, 2011-12-29 Through the reconstruction of episodes of Afghanistan's military history this book seeks to reevaluate the Afghan Way of War showing that despite the stereotypes of guerrilla warriors imbued with religious fanaticism Afghans have constantly adapted to new threats Indeed the Afghan way of war has been one of constant change Afghanistan's Violent Decades Stanley B. Sprague, 2024-10-24 This book examines the key political and military events in Afghanistan from 1978 to August 2021 It covers the Afghan Soviet war and how that war was followed by an Afghan Civil War that made the country receptive to the rise of the Afghan Taliban It explains how the Taliban secured control of Afghanistan's government and permitted Osama bin Laden to reside in the country while he secretly planned an attack on the American mainland It also covers why Osama bin Laden's al Qaeda terrorists on September 11 2001 flew hijacked airliners into New York City's World Trade Center and the Pentagon It describes how American and NATO forces responded by invading Afghanistan to destroy al Qaeda and to overthrow the Taliban government The 20 year Afghan NATO war which followed would lead to American troops suffering 2 488 dead and 20 722 wounded This book is one of the first to cover this long war written after the war ended in August 2021 giving it a new perspective It offers an even handed coverage of the war based on Taliban American and British sources **A Concise History of Afghanistan-Central Asia and India in 25 Volumes** HAMID ALIKUZAI, 2015-01-19 Thirteen years after the U S invasion of Afghanistan Thirteen years after the U S invasion of Afghanistan the gains that the international coalition has made with its local partners are real but reversible Afghanistan is no longer a global hub of terrorist activity but Taliban resurgence would threaten to make it one again Reconstruction

assistance has produced demonstrable progress in health education and economic well being but corruption and governance problems have undermined popular support for the government in Kabul and constrained the overall level of progress Internationally a coalition still backs the International Security Assistance Force ISAF military mission However NATO s will is waning China Russia and India are largely free riders and Punjab and Iran publicly say the right things while destabilizing Afghanistan by privately meddling to their own ends Political and economic realities in the United States make the current level of American engagement in Afghanistan unsustainable But as the commitment of coalition partners fades what Washington decides will shape the future of South Asia Looking ahead there are three different scenarios for American engagement in Afghanistan It remains to be seen exactly which route Washington will take But it is clear that U S interests require a long term commitment not only in Afghanistan but across the region Lest it be forgotten the consequences of ignoring the region in the 1990s were visited upon the United States on 9 11 So the most vital goals present day are defeating the remnants of al Qaeda in Punjab preventing the reemergence of terrorist sanctuaries in Afghanistan ensuring the security of Punjab s nuclear weapons and discouraging Punjab s use of extremism and terror as a policy instrument There are three ways forward Each entails a different degree of involvement and carries varying risks and rewards The first option is the riskiest Future 1 Immediate Departure and the Reallocation of Resources because discontent among the U S public over the war is already at an all time high

The ^AAfghan Way of War Robert Johnson,2011-12-29 Through the reconstruction of episodes of Afghanistan s military history this book seeks to reevaluate the Afghan Way of War showing that despite the stereotypes of guerrilla warriors imbued with religious fanaticism Afghans have constantly adapted to new threats Indeed the Afghan way of war has been one of constant change

Understanding Insurgent Resilience Andrew Henshaw,2020-07-30 This book examines terrorist and insurgent organisations and seeks to understand how such groups persist for so long while introducing a new strategic doctrine for countering these organisations The work discusses whether familial or meritocratic insurgencies are more resilient to counterinsurgency pressures It argues that it is not the type of organization that determines resilience but rather the efficiency functions of social capital and trust which have different natures and forms within them It finds that while familial insurgencies can challenge incumbents from the start they weaken over time whereas meritocracies will generally strengthen The book examines four of the most enduring and lethal insurgent organizations the Haqqani Network in Afghanistan Lashkar e Taiba in Pakistan Jemaah Islamiyah in Indonesia and the Abu Sayyaf in the Philippines The author breaks down each group into its formative strengths and vulnerabilities and presents a bespoke model of strategic counterintelligence that can be used to manipulate degrade and destroy each organization This book will be of much interest to students of counterinsurgency terrorism intelligence security and defence studies in general

Military Thought of Asia Kaushik Roy,2020-11-04 Military Thought of Asia challenges the assertion that the generation of rational secular ideas about the conduct of warfare is the preserve of the West by analysing the history of ideas of warfare

in Asia from the ancient period to the present The volume takes a transcontinental and comparative approach to provide a broad overview of the evolution of military thought in Asia The military traditions and theories which have emerged in different parts of Eurasia throughout history are products of geopolitics and unique to the different regions The book considers the systematic and tight representation of ideas by famous figures including Kautlya and Sun Tzu At the same time it also highlights publications on military affairs by small men like mid ranking officers and scattered ideas regarding the origin nature and societal impact of organised violence present in miscellaneous sources like coins inscriptions paintings and fictional literature In so doing the book fills a historiographical gap in scholarship on military thought which marginalises Asia to the part of cameo and historicises the evolution of theory and the praxis of warfare The volume shows that the East has a long unbroken tradition of conceptualising war and its place in society from the Classical Era to the Information Age It is essential reading for those interested in the evolution of military thought throughout history particularly in Asia

Unconventional Warfare in South Asia Scott Gates, Kaushik Roy, 2016-02-17 India is the world's tenth largest economy and possesses the world's fourth largest military The subcontinent houses about one fifth of the world's population and its inhabitants are divided into various tribes clans and ethnic groups following four great religions Buddhism Christianity Hinduism and Islam Framing the debate using case studies from across the region as well as China Afghanistan and Burma and using a wealth of primary and secondary sources this incisive volume takes a closer look at the organization and doctrines of the shadow armies and the government forces which fight the former Arranged in a thematic manner each chapter critically asks Why stateless marginal groups rebel How do states attempt to suppress them What are the consequences in the aftermath of the conflict especially in relation to conflict resolution and peace building Unconventional Warfare in South Asia is a welcomed addition to the growing field of interest on civil wars and insurgencies in South Asia An indispensable read which will allow us to better understand whether South Asia is witnessing a New War and whether the twenty first century belongs to the insurgents

Pakistan Husain Haqqani, 2010-03-10 Among U S allies in the war against terrorism Pakistan cannot be easily characterized as either friend or foe Nuclear armed Pakistan is an important center of radical Islamic ideas and groups Since 9 11 the selective cooperation of president General Pervez Musharraf in sharing intelligence with the United States and apprehending al Qaeda members has led to the assumption that Pakistan might be ready to give up its longstanding ties with radical Islam But Pakistan's status as an Islamic ideological state is closely linked with the Pakistani elite's worldview and the praetorian ambitions of its military This book analyzes the origins of the relationships between Islamist groups and Pakistan's military and explores the nation's quest for identity and security Tracing how the military has sought U S support by making itself useful for concerns of the moment while continuing to strengthen the mosque military alliance within Pakistan Haqqani offers an alternative view of political developments since the country's independence in 1947

Education in Afghanistan Yahia Baiza, 2013-08-21 A comprehensive and up to date

study of the history of education in Afghanistan since 1901 this book demonstrates how modern education emerged and charts its fluctuating process of development regression and destruction Combining historical and contemporary analysis of key international and national political and historical issues from the late nineteenth century to the present day Education in Afghanistan examines religion modernism tribal and ethnic conflict language discrimination foreign invasions war and international assistance through the lens of education An in depth understanding of these elements will provide alternative approaches to addressing the on going conflict in Afghanistan which has a direct effect on the overall educational development and policy making decisions in the country Offering a new perspective to the conflict in Afghanistan by addressing its impact on education this book will be an invaluable resource for students and researchers interested in the formation of education policy social and political reform in the Middle East and Islamic Studies *Fountainhead of Jihad* Wahid Brown, Don Rassler, 2013-02-01 The first in depth study of the history links and organisational logic of the Haqqani network **Communicating Differences** Sudeshna Roy, Ibrahim Seaga Shaw, 2016-02-05 This volume captures the essence of how we communicate differences in relationships between and across cultures in organizations through education and in moments of local and global conflict and crisis that demonstrates the importance and viability of approaching peace and conflict communication from various fields within communication studies Building the Nation Heather S. Gregg, 2018-12 Building the Nation draws from foreign policy reports and interviews with U S military officers to investigate recent U S led efforts to nation build in Iraq and Afghanistan Heather Selma Gregg argues that efforts to nation build in both countries focused more on what should be called state building or how to establish a government rule of law security forces and a viable economy Considerably less attention was paid to what might truly be called nation building the process of developing a sense of shared identity purpose and destiny among a population within a state s borders and popular support for the state and its government According to Gregg efforts to stabilize states in the modern world require two key factors largely overlooked in Iraq and Afghanistan popular involvement in the process of rebuilding the state that gives the population ownership of the process and its results and efforts to foster and strengthen national unity Gregg offers a hypothetical look at how the United States and its allies could have used a population centric approach to build viable states in Iraq and Afghanistan focusing on initiatives that would have given the population buy in and agency Moving forward Gregg proposes a six step program for state and nation building in the twenty first century stressing that these efforts are as much about how state building is done as they are about specific goals or programs Holy War, Inc. Peter L. Bergen, 2002-06-04 CNN s terrorism analyst examines Osama bin Laden s global terrorist network al Qaeda discussing its operations and mission the planning and execution of specific terrorist acts and future threats from militant Islamic movements **The Reporter**, 2013 **Crossing Zero** Elizabeth Gould, Paul Fitzgerald, 2011-02-22 A cutting edge analysis of the AfPak war involving Russia India China and Iran emphasizing US strategy and the people implementing it *The Bomb, The Bank, The Mullah and The*

Poppies Iqbal Chand Malhotra, 2023-07-18 When and why did Pakistani prime minister Zulfikar Ali Bhutto decide to build a nuclear weapon Did he mandate Agha Hassan Abedi to launch the Bank of Credit and Commerce International BCCI to fund Pakistan's nuclear programme Why did the BCCI become privileged bankers to Pablo Escobar's Medellin Cartel General Manuel Noriega of Panama and Pakistani president General Zia ul Haq Was George H W Bush embarrassed by his ties to General Noriega General Zia ul Haq and the BCCI when he decided to run for presidency in 1988 Did Pervez Musharraf as Director General of Military Operations select Mullah Omar to head the Taliban The Bomb the Bank the Mullah and the Poppies is a historical account from a forensic perspective of how the Pakistani state innovatively used a dodgy bank poppy cultivation and trade as a means to finance its nuclear programme It reveals the convoluted psyche of the men in charge of Pakistan who clandestinely transformed Pakistan into a state where a premium was placed on thuggery deceit and deception This enabled Pakistan to grow from being a US pawn in the Reagan administration's war against the erstwhile Soviet Union to a narco nuclear state with an independent nuclear deterrent In the process the patrons of the Pakistani deep state enriched themselves with drug money at the expense of the citizens mired in abject poverty This is a story of a succession of powerful men who cleverly fooled the world into believing their innocence and helplessness when in fact the opposite was true at every juncture in the history of their nation

Pashtun Identity and Geopolitics in Southwest Asia Iftikhar H. Malik, 2016-07-18 Pashtun Identity and Geopolitics in Southwest Asia brings together Pakistan and Afghanistan as two inseparable entities by investigating areas such as the evolution and persistence of the Taliban quest for Pashtun identity the ambivalent status of the tribal region and the state of civic clusters on both sides In addition to their relations with the United States and the EU a due attention has been devoted to regional realities while looking at relations with India and China The study explores vital disciplines of ethnography history Islamic studies and international relations and benefits from a wide variety of source material The volume takes into account the salient subjects including political Islam nature and extent of violence since 9 11 failure of Western policies in the region the Drone warfare and the emergence of new regimes in Kabul Islamabad and Delhi offering fresh opportunities as well as new threat perceptions

Education in Troubled Times Yahia Baiza, 2022-08-22 This volume presents a scholarly conversation about education in troubled times across different temporal and spatial contexts The concept of troubled times in this book refers to situations of serious challenges or crises that affect the practice of education at community national and global levels It examines how education operates across a wide range of challenging circumstances from the COVID 19 pandemic political manipulations and the neoliberal economy to conflict and post conflict situations The volume also considers the measures national governments should take to contain and mitigate their effects and how effective these measures are in curbing such challenges By addressing these questions it also suggests ways to overcome the identified challenges and crises in their respective contexts
