Defending Same-Sex Marriage Martin Dupuis, William A. Thompson, Traci C. West, 2006-12-30 Today we find ourselves at a crossroads of two powerful unrelenting currents that are completely at odds with one another The movement for legal recognition of same sex unions has gone beyond the separate but equal status of civil unions to demand equality in marriage for all couples Progress is being made on many fronts mayoral action clergy officiating at same sex marriage and union ceremonies state legislative responses and street protests to name a few Meanwhile opposition to same sex marriage has also been gathering strength The struggle is sure to continue unabated for some time to come pitting those who believe in the traditional definition of marriage as a union between a man and a woman and who seek to codify this belief in the U S Constitution against those who find the basis for marriage between two loving committed individuals not only in the history of our civil rights legislation and court decisions but also in scripture and sacred religious traditions Those who believe in extending to same sex couples the 1 049 rights conferred by marriage as well as the supportive embrace of religious communities seek to strengthen the institution of marriage by making it inclusive and by passing laws and broadening doctrines to uphold marriage rights for all couples This three volume set clarifies the legal political religious cultural and social ramifications of same sex marriage for gay and lesbian couples and their families and friends and for the general public interested in the future of civil rights in the United States

Queering the Church Penelope Cowell

Doe, 2024-05-31 Church dialogues including official reports and debates within the General Synod operate under the premise that canonical authority can shape a viable theology and coherent ecclesiastical and liturgical practices In a groundbreaking departure from conventional methodologies *Queering the Church* offers a rigorous examination of the hermeneutical frameworks that inform discussions on homosexuality within ecclesiastical governance Drawing inspiration from Halberstam's concept of the queer art of failure Doe advocates for a fundamental shift a move away from entrenched institutionalized debates toward a more inclusive deconstructive discourse Rather than perpetuating cycles of authoritative rhetoric Doe proposes a transformative realignment one that challenges traditional power dynamics and fosters a more equitable theological dialogue Provocative and timely this book promises to illuminate new avenues toward a nuanced comprehension of church discourse

The Anglican Communion at a Crossroads Christopher Craig Brittain, Andrew McKinnon, 2018-04-17 Worldwide debates over issues of sexuality and gender have come to a head in recent years in mainline and evangelical churches with the Anglican Communion a worldwide network of churches that trace their practice to Canterbury and claim some 85 million members among the most publicly visible sites of contestation This thorough and compelling analysis of the conflicts within the Communion argues that they are symptoms of long simmering issues that must be addressed when Anglican bishops and archbishops meet at the 2020 Lambeth Conference To many the disagreements over such issues as LGBTQ clergy same sex

marriage and women's ordination suggest an insurmountable crisis facing Anglicans one that may ultimately end the Communion Christopher Craig Brittain and Andrew McKinnon argue otherwise Drawing on extensive empirical research and interviews with influential Anglican leaders they show how these struggles stem from a complex interplay of factors notably the forces and effects of globalization new communications technology and previous decisions made by the Communion In clarifying both the theological arguments and social forces at play as the bishops and primates of the Anglican Communion prepare to set the Church's course for the next decade Brittain and McKinnon combine sociological and theological methodologies to provide both a nuanced portrait of Anglicanism in a transnational age and a primer on the issues with which the Lambeth Conference will wrestle Insightful informative and thought provoking *The Anglican Communion at a Crossroads* is an invaluable resource for understanding the debates taking place in this worldwide community Those interested in Anglicanism sexuality and the Christian tradition the sociology of religion and the evolving relationship between World Christianity and churches in the Global North will find it indispensable ***The Living Church***, 1993 [Coming Out in Christianity](#) Melissa M. Wilcox, 2003-10-03 For many Christians homosexuality is an issue that is often presented as a matter of us straight Christians versus them or worse as an isolated behavior that is a question of behavior somehow not an intrinsic part of the identities of gays and lesbians Discussion of the issue has become so heated that it threatens to create a yawning chasm within several mainline denominations This book examines this conflict from the perspective of a group of lesbian gay bisexual and transgendered Christians It explores the life histories of these individuals and their current beliefs cultural backgrounds and community influences to determine what helped each forge an identity as both gay and Christian
