Salvador guide has been extracted from Footprint s Brazil Handbook **The Mechanism** Vladimir Netto,2019-05-02
INTRODUCTION BY MISHA GLENNY author of McMafia A gripping narrative of power corruption and greed The Mechanism
is the true story of how a simple investigation into money laundering uncovered the biggest corruption scandal in human
history When a small team of investigators discovered that a black market currency dealer was operating out of a Brazilian
petrol station they could never have imagined that their work would destroy the government and lead to the impeachment of
two presidents As the trail leads further and further into the centre of power the search for the truth and pursuit of justice
become ever more crucial Taut and riveting with more plot twists than the most compelling political thriller The Mechanism
is an essential work of non fiction that exposes the rottenness caused when politicians and big businesses believe they are
above the law The Ethos of History Stefan Helgesson,Jayne Svenungsson,2018-06-19 At a time when rapidly evolving
technologies political turmoil and the tensions inherent in multiculturalism and globalization are reshaping historical
consciousness what is the proper role for historians and their work By way of an answer the contributors to this volume offer
up an illuminating collective meditation on the idea of ethos and its relevance for historical practice These intellectually
adventurous essays demonstrate how ethos a term evoking a society s fundamental character as well as an ethical appeal to
knowledge and commitment can serve as a conceptual lodestar for history today not only as a narrative but as a form of
consciousness and an ethical political orientation
