Speaking In Colour Conversations With Artists Of Pacific Island Heritage:

Speaking in Colour Sean Mallon, Pandora Fulimalo Pereira, 1997 Ten artists of Pacific Island descent talk candidly about their lives and work and about finding themselves as artists *The Pacific Arts of Polynesia and Micronesia* Adrienne L. Kaeppler, 2008-03-27 The Pacific Ocean covers one third of the earth's surface. Comprising thousands of islands and hundreds of cultural groups Polynesia and Micronesia cover a large part of this vast ocean from the dramatic mountains of Hawaii to the small flat coral islands of Kiribati. Including both traditional and contemporary arts this book introduces the rich artistic traditions of these two regions traditions that have had a considerable impact on western art in the twentieth century through the influence of artists such as Gauguin. Instead of looking at Polynesia and Micronesia separately the book focuses on the artistic types styles and concepts that they share placing each in its wider cultural context. From the textiles of Tonga to the canoes of Tahiti Adrienne Kaeppler looks at religious and sacred rituals and objects carving architecture tattooing personal ornaments basket making clothing textiles fashion the oral arts dance music and musical instruments even canoe construction to provide the ultimate introduction to the rich and vibrant artistic cultures of the Polynesian and Micronesian islands *Samoan Art and Artists* Sean Mallon, 2002-01-01 Samoan Art and Artists is a wide ranging survey of both the traditional and contemporary arts of Samoa. The author has drawn on an extensive research base to present a contemporary and accessible picture of a vibrant culture. The book has a broad sweep covering all facets of the Samoan arts including canoe and house building siapo tapa weaving tattooing oratory adornment all forms of performance art the visual arts and literature. An important feature of the book is the inclusion of profiles of living practitioners both from Samoa and the large Samoan communities in other Pacific countries. Publisher description *The Arts of Kingship* Stacy L. Kamehiro, 2009-07-27 The Arts of Kingship offers a sustained and detailed account of Hawaiian public art and architecture during the reign of David Kalakaua the nativist and cosmopolitan ruler of the Hawaiian Kingdom from 1874 to 1891. Stacy Kamehiro provides visual and historical analysis of Kalakaua's coronation and regalia the King Kamehameha Statue Iolani Palace and the Hawaiian National Museum drawing them together in a common historical political and cultural frame. Each articulated Hawaiian national identities and navigated the turbulence of colonialism in distinctive ways and has endured as a key cultural symbol. These cultural projects were part of the monarchy's concerted effort to promote a national culture in the face of colonial pressures internal political divisions and declining social conditions for Native Hawaiians which in combination posed serious threats to the survival of the nation. The Kalakaua leadership endorsed images that boosted international relations and appeased foreign agitators in the kingdom while addressing indigenous political cleavages. Kamehiro interprets the images spaces and institutions as articulations of the complex cultural entanglements and creative engagement with international communities that occur with prolonged colonial contact. Nineteenth century Hawaiian sovereigns celebrated Native tradition history and modernity by intertwining indigenous conceptions of superior chiefly leadership with the

apparati and symbols of Asian American and European rule The resulting symbolic forms speak to cultural intersections and historical processes claims about distinctiveness and commonality and the power of objects institutions and public display to create meaning and enable action The Arts of Kingship pursues questions regarding the nature of cultural exchange how precolonial visual culture engaged and shaped colonial contexts and how colonial art informs postcolonial visualities and identities It will be welcomed by readers with a general and scholarly interest in Hawaiian history and art As it contributes to discussions about colonial cultures nationalism and globalization this interdisciplinary work will appeal to art and architectural historians as well as those studying Pacific history cultural and museum studies and anthropology Landfall
