

# Wind

*The wind blows strongly and causes a lot of destruction.  
How can we make friends with it?*

Wind, come softly.

Don't break the shutters of the windows.

Don't scatter the papers:

Don't throw down the books on the shelf

There, look what you did — you threw them all down.

You tore the pages of the books.

You brought rain again.

You're very clever at poking fun at weaklings.

Frail crumbling houses, crumbling doors, crumbling rafters,  
crumbling wood, crumbling bodies, crumbling lives,  
crumbling hearts —

the wind god winnows and crushes them all.

He won't do what you tell him.

So, come, let's build strong homes,

Let's joint the doors firmly.

Practise to firm the body.

Make the heart steadfast.

Do this, and the wind will be friends with us.

The wind blows out weak fires.

He makes strong fires roar and flourish.

His friendship is good.

We praise him every day.

*Speaking to the Winds* Surajīta Kalasī, 1982      **The Cambridge Companion to Victorian Poetry** Joseph

Bristow, 2000-10-26 This Companion to Victorian Poetry provides an introduction to many of the pressing issues that absorbed the attention of poets from the 1830s to the 1890s. It introduces readers to a range of topics including historicism, patriotism, prosody, and religious belief. The thirteen specially commissioned chapters offer insights into the works of well-known figures such as Matthew Arnold, Robert Browning, and Alfred Tennyson, and the writings of women poets like Michael Field, Amy Levy, and Augusta Webster, whose contribution to Victorian culture has in more recent years been acknowledged by modern scholars. Revealing the breadth of the Victorians' experiments with poetic form, this Companion also discloses the extent to which their writings addressed the prominent intellectual and social questions of the day. The volume, which will be of interest to scholars and students alike, features a detailed chronology of the Victorian period and a comprehensive guide to further reading.

*Let the Wind Speak* Carol Shloss, 2023-02-21 Carol Loeb Shloss creates a compelling portrait of a complex relationship of a daughter and her literary giant father, Ezra Pound, and Mary de Rachewiltz, Pound's child by his long-time mistress, the violinist Olga Rudge. Brought into the world in secret and hidden in the Italian Alps at birth, Mary was raised by German peasant farmers, had Italian identity papers, a German-speaking upbringing, Austrian loyalties common to the area, and performed a fascist education. For years, de Rachewiltz had no idea that Pound and Rudge, the benefactors who would sporadically appear, were her father and mother. Gradually, the truth of her parentage was revealed, and with it, the knowledge that Dorothy Shakespeare, and not Olga, was Pound's actual wife. Dorothy, in turn, kept her own secrets while Pound signed the birth certificate of her son, Omar, and claimed legal paternity; he was not the boy's biological father. Two lies established at the birth of these children created a dynamic antagonism that lasted for generations. Pound maneuvered through it until he was arrested for treason after World War II and shipped back from Italy to the United States, where he was institutionalized rather than imprisoned. As an adult, de Rachewiltz took on the task of claiming a contested heritage and securing her father's literary legacy in the face of a legal system that failed to recognize her legitimacy. Born on different continents, separated by nationality, related by natural birth, and torn apart by conflict between Italy and America, Mary and Ezra Pound found a way to live out their deep and abiding love for one another. *Let the Wind Speak* is both a history of modern writers who were forced to negotiate allegiances to one another and to their adopted countries in a time of mortal conflict, and the story of Mary de Rachewiltz's navigation through issues of personal identity amid the shifting politics of western nations in peace and war. It is a masterful biography that asks us to consider cultures of secrecy, frayed allegiances, and the boundaries that define nations, families, and politics.

*Rhythm and Will in Victorian Poetry* Matthew Campbell, 1999-04-22 In *Rhythm and Will in Victorian Poetry* first published in 1999 Matthew Campbell explores the work of four Victorian poets Tennyson Browning Hopkins and Hardy as they show a consistent and innovative concern with questions of human agency and will The Victorians saw the virtues attendant upon a strong will as central to themselves and to their culture and Victorian poetry strove to find an aesthetic form to represent this sense of the human will

Through close study of the metre rhyme and rhythm of a wide range of poems including monologue lyric and elegy Campbell reveals how closely technical questions of poetics are related in the work of these poets to issues of psychology ethics and social change He goes on to discuss more general questions of poetics and the implications of the achievement of the Victorian poets in a wider context from Milton through Romanticism and into contemporary critical debate Talks to Boys and Girls about Jesus Wilbur Fisk Crafts,1881 The family library of poetry and song, selections from the best poets, including tr., ed. by W.C. **Tennyson's Poems** R. H. Winnick,2019-04-18 In Tennyson s Poems New Textual Parallels R H Winnick identifies more than a thousand previously unknown instances in which Tennyson phrases of two or three to as many as several words are similar or identical to those occurring in prior works by other hands discoveries aided by the proliferation of digitized texts and the related development of powerful search tools over the three decades since the most recent major edition of Tennyson s poems was published Each of these instances may be deemed an allusion meant to be recognized as such and pointing for definable purposes to a particular antecedent text an echo conscious or not deliberate or not meant to be noticed or not meaningful or not or merely accidental Unless accidental Winnick writes these new textual parallels significantly expand our

knowledge both of Tennyson's reading and of his thematic intentions and artistic technique Coupled with the thousand plus textual parallels previously reported by Christopher Ricks and other scholars he says they suggest that a fundamental and lifelong aspect of Tennyson's art was his habit of echoing any work ancient or modern which had the potential to enhance the resonance or deepen the meaning of his poems The new textual parallels Winnick has identified point most often to the King James Bible and to such canonical authors as Shakespeare Milton Dryden Pope Thomson Cowper Shelley Byron and Wordsworth But they also point to many authors rarely if ever previously cited in Tennyson editions and studies including Michael Drayton Richard Blackmore Isaac Watts Erasmus Darwin John Ogilvie Anna Letitia Barbauld Letitia Elizabeth Landon John Wilson and with surprising frequency Felicia Hemans Tennyson's Poems New Textual Parallels is thus a major new resource for Tennyson scholars and students an indispensable adjunct to the 1987 edition of Tennyson's complete poems edited by Christopher Ricks

**Making Silence Speak** André Lardinois, Laura McClure, 2018-06-05 This collection attempts to recover the voices of women in antiquity from a variety of perspectives how they spoke where they could be heard and how their speech was adopted in literature and public discourse Rather than confirming the old model of binary oppositions in which women's speech was viewed as insignificant and subordinate to male discourse these essays reveal a dynamic and potentially explosive interrelation between women's speech and the realm of literary production religion and oratory The contributors use a variety of methodologies to mine a diverse array of sources from Homeric epic to fictional letters of the second sophistic period and from actual letters written by women in Hellenistic Egypt to the poetry of Sappho Throughout the term voice is used in its broadest definition It includes not only the few remaining genuine women's voices but also the ways in which male authors render women's speech and the social assumptions such representations reflect and reinforce These essays therefore explore how fictional female voices can serve to negotiate complex social epistemological and aesthetic issues The contributors include Josine Blok Raffaella Cribiore Michael Gagarin Mark Griffith Andr Lardinois Richard Martin Lisa Maurizio Laura McClure D M O Higgins
