Reproduction of the original Iliad of Homer by Theodore Alois Buckley *The Beau Street, Bath Hoard* Verity
Anthony, Richard Abdy, Stephen Clews, 2019-10-31 The remarkable discovery of the Beau Street Hoard captured the public
imagination and became the focus for a major scientific investigation and a significant learning and public engagement
programme This book provides a thorough and complete publication and analysis of the hoard which is one of the largest yet
found in a Roman town in Britain **Desiring Rome** Richard Jackson King, 2006 During his last two decades ca 2 BCE 17
CE Ovid composed but never completed his Fasti an elegiac representation of Rome's rites and festivals only six of twelve
month books remain Earlier scholars have claimed that this is due either to Ovid's exile from Rome which put him out of
touch with the Roman literary world or else his frustration over the Roman calendar's discontinuity Drawing upon recent
scholarship in gender studies and Lacanian film theory Richard J King analyzes this exilic incompleteness as inviting the citizen
male reader into what he calls an angular or skewed viewpoint which interrogates the Roman hierarchical and male
dominated social order insofar as it is mirrored in the Roman calendar of rites and festivals Ovid already well known and
even infamous as the composer of erotic poems and the Metamorphoses does this by emulating the civic gesture of calendar
presentation whereby upwardly mobile adult male citizens caused calendars to be carved in stone and set up in conspicuous
public places to reflect the city's pride and to build their own prestige as public figures In this innovative study King
discusses the Fasti as Ovid's socially strategic use of this gesture Interrupted by exile and filled with varying explanations of
Roman festivals Ovid's poetic version manifests a form whose brokenness comments on the fractured identity of the exiled
poet and citizen subjects generally in an imperial order ambivalent toward its greatest poet Desiring Rome expands upon
recent recognition of the Fasti's centrality to early imperial politics by situating the poem's failure within broader
negotiations of identity between early imperial citizen subjects and the cultural ideology of Roman manhood
