Hardboiled and High Heeled Linda Mizejewski, 2004-06 Can a gumshoe wear high heels? In a genre long dominated by men, women are now taking their place as authors and as characters alongside hardboiled legends like Sam Spade and Mike Hammer. *Hardboiled and High Heeled* examines the meteoric rise of the female detective in contemporary film, television, and literature. Epitomized by such icons as Clarice Starling of *Silence of the Lambs*, Agent Scully of The X Files, and Cagney and Lacey, and the heroines in best-selling novels by Sue Grafton and Patricia Cornwell, the woman detective has become a top-selling commodity with a hungry fan base. The number of female investigator novels has tripled every five years since 1985. Today

there are nearly 700 women writers of detective fiction and more than 800 book series devoted to female detectives In this book Linda Mizejewski author of *Ziegfeld Girl* examines the far reaching appeal of the woman detective She argues that the female detective attracts a wide range of fans straight and gay male and female by rebuking tradition and overturning gender stereotypes Richly illustrated and written with a fan's love of the genre *Hardboiled and High Heeled* is an essential introduction to women in detective fiction from past to present from pulp fiction to blockbuster films **Society of Former Special Agents of the FBI** Turner Publishing,1998-06 *Attorney General A. McCormick,2005-03-25 *Hopeless Cases* describes the futile search for those responsible for a series of apparently related terrorist attacks and plots in the World War I Red Scare era during the final surge of early twentieth century anarchist violence in the United States The most brazen attacks occurred in 1919 when bombs mailed to thirty six public figures nationwide in May were followed in June by coordinated nearly simultaneous bombings aimed at public figures and institutions in eight cities The end of the campaign was the Wall Street explosion September 16 1920 that killed forty and

injured hundreds Scores were arrested thirty for the Wall Street explosion alone but lawmen never caught the culprits Fears aroused by bomb blasts gave the Justice Department carte blanche to roundup and deport alien radicals particularly Bolsheviks in 1919 1920 The bombings raised issues including the fear of an unknown enemy and the government's need for accurate intelligence that mirror today's post 9 11 era The book profiles the suspects but focuses on the investigators especially the Bureau of Investigation and its spies and informants Based largely upon FBI files it explores the Bureau's relationship with British Intelligence in New York City and to the Sacco Vanzetti case as well as a privately funded search for the bombers Throughout the manhunt was handicapped by disputes with other law enforcement agencies and by intra Bureau jealousies and rivalries agent job insecurity and high turnover inadequate training and resources and morale problems particularly in the New York and Boston field offices
