The Readers' Advisory Guide to Nonfiction Neal Wyatt,2007-05-14 Navigating what at she calls the extravagantly rich world of nonfiction renowned readers advisor RA Wyatt builds readers advisory bridges from fiction to compelling and increasingly

popular nonfiction to encompass the library's entire collection. She focuses on eight popular categories: history, true crime, true adventure, science, memoir, food, cooking, travel, and sports. Within each, she explains the scope, popularity, style, major authors, and works, and the subject's position in readers' advisory interviews. Wyatt addresses who is reading nonfiction and why, while providing RAs with the tools and language to incorporate nonfiction into discussions that point readers to what to read next. In easy-to-follow steps, Wyatt Explains the hows and whys of offering fiction and nonfiction suggestions together. Illustrates ways to get up to speed fast in nonfiction. Shows how to lead readers to a variety of books using her read-around and reading map strategies. Provides tools to build nonfiction subject guides for the collection. This hands-on guide includes nonfiction bibliography, key authors, benchmark books with annotations, and core collections. It is destined to become the nonfiction bible for readers' advisory and collection development, helping librarians, library workers, and patrons select great reading from the entire library collection.

Counseling in Communication Disorders Cyndi Stein-Rubin, Beryl

Adler, 2024-06-01. Incorporating a counseling paradigm has been shown to increase motivation, deepen learning, and sustain progress for clients and families. *Counseling in Communication Disorders: Facilitating the Therapeutic Relationship* by Cyndi Stein-Rubin and Beryl T. Adler is an engaging textbook written in a genuine and lively tone so that the reader may easily relate to the material. The text provides a practical vehicle for speech-language pathology students, clinicians, clinical supervisors, and instructors to get to know themselves better and to integrate basic counseling attitudes and tools into their diagnostic and therapeutic programs. Inside *Counseling in Communication Disorders*, Stein-Rubin and Adler describe the importance of addressing a client's communication challenges by working with the whole person as a human being, not as a communication disorder. By approaching clients with a counseling attitude that encourages the client's full participation in the treatment process, we then work together in partnership and as a powerful team. The content, techniques, and exercises within *Counseling in Communication Disorders* are rooted in evidence-based practice from a variety of psychological counseling and coaching approaches, such as Humanistic Counseling, Listening and Language Narrative Therapy, The Cognitive Behavioral Model, CBT, Solution-Focused Brief Therapy, SFBT, Positive Psychology, Neurolinguistic Programming, NLP, and Mindfulness training. *Counseling in Communication Disorders* also includes reflective questions, exercises, and suggestions to reinforce important concepts. To bring the content to life, real-life and clinical scenarios are interspersed throughout the text. It is well understood that speech-language pathology and audiology clinicians must understand deep listening and how to choose words that will have a positive impact on their client and families, but often overlooked is the personal development of the clinicians themselves. *Counseling in Communication Disorders* is a comprehensive guide on how to provide the necessary support and encouragement to clients and build self-esteem, while a major focus is the need for the clinicians to work on self before working on others. *Counseling in Communication Disorders: Facilitating the Therapeutic Relationship* is the first textbook of its kind to comprehensively cover both sides of the therapeutic relationship. Students and

clinicians alike will appreciate this unique approach that addresses not only the counseling attitude that is vital to the growth and progress of clients but also the self awareness that guides the personal development of the clinician Included with the text are online supplemental materials for faculty use in the classroom *Schuyler's Monster* Robert

Rummel-Hudson,2025-04-16 *Schuyler's Monster* is an honest funny and heart wrenching story of a family and particularly a little girl who won't give up when faced with a monster that steals her voice but can't crush her spirit When Schuyler was 18 months old a question about her lack of speech by her pediatrician set in motion a journey that continues today When she was diagnosed with Bilateral perisylvian polymicrogyria an extremely rare neurological disorder caused by a malformation of the brain her parents were given a name for the monster that had been stalking them from doctor visit to doctor visit and throughout the search for the correct answer to Schuyler's mystery Once they knew why she couldn't speak they needed to determine how to help her learn They didn't know that Schuyler was going to teach them a thing or two about fearlessness tenacity and joy *Schuyler's Monster* is more than the memoir of a parent dealing with a child's disability It is the story of the relationship between a unique and ethereal little girl floating through the world without words and her earthbound father who struggles with whether or not he is the right dad for the job It is the story of a family seeking answers to a child's dilemma but it is also a chronicle of their unique relationships formed without traditional language against the expectations of a doubting world It is a story that has equal measure of laughter and tears Ultimately it is the tale of a little girl who silently teaches a man filled with self doubt how to be the father she needs Schuyler can now communicate through assistive technology and continues to be the source of her father's inspiration literary and otherwise **Contesting Recognition** J.

McLaughlin,P. Phillimore,D. Richardson,2011-11-01 This book explores the social and political significance of contemporary recognition contests in areas such as disability race and ethnicity nationalism class and sexuality drawing on accounts from Europe the USA Latin America the Middle East and Australasia *Disability Worlds* Faye Ginsburg,Rayna Rapp,2024-03-18
