Spectacular Washington:

George Washington James A. Crutchfield, 2009-01-06 Between 1753 when he was commissioned as a major of Virginia militia and 1775 when the Second Continental Congress named him Commander in Chief of all colonial military forces George Washington rose from anonymity as a minor landowner and surveyor to become America's first national hero. With little military training he led the thirteen fledgling colonies through six years of grueling war against formidable British forces, steered the proceedings of the Constitutional Convention in Philadelphia and served two terms as the first president of the United States. His accomplishments were so stunning and he was so revered that by the end of the war some of his generals urged him to install himself as king, an idea he looked upon with abhorrence, calling the very thought painful. Nor would he consider standing for a third term as president. In this revealing book James Crutchfield writes of Washington as an enigmatic man. No more elusive personality exists in history, as an eminent Harvard historian observed. His outward commonness concealed a quick analytic mind capable of learning from mistakes, gauging his successes not on winning battles but on the effect his decisions would have on the future of his country. Washington remains an American hero in every definition of the word, Crutchfield says. He was a man who rose above the political uncertainty of the infant United States to chart its destiny for two centuries into the future.

100 Classic Hikes in Washington Ira Spring, Harvey Manning, 2013-01-31 Full color coffee table quality hiking guidebook with lush hand-drawn trail maps. Written by Washington's godfathers of hiking guidebooks, Harvey Manning and Ira Spring. In a state rich with luscious trails, these hikes are the ones you can't miss or at least must start with. 100 Classic Hikes in Washington is the progeny of Washington's first hiking guidebook and is the best-selling guidebook of all time. There's a reason it's gorgeous. The photos of trails and vistas are breathtaking. These are hikes you will want to hike, dream about hiking or both. Based on their more than 100 years of combined experience in Washington's backcountry, Ira Spring and Harvey Manning chose their favorite trails for this compendium of classic hikes. Along with the images and hand-drawn maps, you'll get the authors' first-hand descriptions of the trails they hiked many times over. Featuring spectacular views, flower-filled alpine meadows, lakes and streams, ancient forests, animals and birds, and solitude, these trails will give hikers a taste of Washington's best. Infused with a strong conservation message, this guidebook not only introduces hikers to Washington's gems but encourages them to become active participants in an effort to preserve and in some cases reclaim the remaining wilderness.
