Scripture and Law in the Dead Sea Scrolls Alex P.

Jassen,2014-04-07 This book examines the interpretation of biblical law in the Dead Sea Scrolls and ancient Judaism It

analyzes the interpretive techniques found in the Dead Sea Scrolls to transform the meaning and application of biblical law to meet the needs of new historical and cultural settings **Resources in Education** ,1998 *The Holy Bible: Galatians, etc., to the end of the New Testament* ,1825 Deliberating War Patricia Roberts-Miller,2024-06-27 This book argues that treating politics as war derails essential democratic processes including deliberation and policy argumentation in complicated ways Politics is war is not always just a figure of speech but often a sincere expression of how people see disagreement they mean it literally and they use it to evade the responsibilities of rhetoric This book takes the metaphor seriously Using a series of case studies ranging from the 432 BCE Debate at Sparta to Bill O Reilly s recent invention of a War on Christmas Deliberating War illustrates pathologies of deliberation that arise when a community understands itself to be at political war This book identifies recurrent rhetorical strategies that constrain or even effectively prohibit deliberation such as deflecting reframing threat inflation appealing to paired terms claiming moral license radicalizing a base In short what seems to be an effective solution to an immediate rhetorical problem using hyperbole and demagoguery to persuade people to adopt a specific leader or policy is a trap that prevents democratic practices of compromise deliberation fairness reciprocity Unhappily threat inflation even when well intentioned At some point hyperbolic rhetoric becomes threat inflation and then that inflated threat becomes the premise of policies both foreign and domestic And then agreeing as to the obvious existential threat posed by the Other and uniting behind the obvious policy solution is a necessary sign of being on the side of Good Once communities become persuaded that they are in an apocalyptic battle between Good and Evil politics as war can quickly become real war often with far reaching and catastrophic consequences To Teach, To Delight, and To Move David S. Cunningham,2004-10-22 This book initiates a new conversation about how theological education might be re envisioned for the twenty first century church The prevailing curricular structure in today s seminaries and divinity schools was fashioned in a very different era one that assumed the continued cultural dominance of Christianity and the continued academic dominance of the canons of Enlightenment reason Neither assumption is viable in today s post Christian world hence our new circumstances demand a new vision for theological education The authors of this volume offer an important resource for this project through their creative appropriation of the classical rhetorical tradition particularly as it has been rehabilitated in the contemporary context Like St Augustine they believe that the chief goals of Christian theology are similar to those of classical rhetoric to teach to delight and to move And the authors are united in their conviction that these must also be the goals of theological education in a post Christian era This volume arises out of a passionate commitment to the cause of theological education The authors hail from a wide range of denominational traditions and have taught in numerous seminaries and divinity schools They have also studied the classical and postmodern rhetorical traditions in both theory and practice They met as a group on numerous occasions to read one another s contributions to the volume and to offer guidance for the process of rewriting As a result this book is much more than a mere collection of essays it is a jointly authored work

and one which presents an integrated vision for the future of theological education **Bilingual Cognition and Language** David Miller,Fatih Bayram,Jason Rothman,Ludovica Serratrice,2018-02-15 This collection brings together leading names in the field of bilingualism research to celebrate the 25th anniversary of the Studies in Bilingualism series Over the last 25 years the study of bilingualism has received a tremendous amount of attention from linguists psychologists cognitive scientists and neuroscientists The breadth of coverage in this volume is a testament to the many different aspects of bilingualism that continue to generate phenomenal interest in the scholarly community The bilingual experience is captured through a multifaceted prism that includes aspects of language and literacy development in child bilinguals with and without developmental language disorders language processing and mental representations in adult bilinguals across the lifespan and the cognitive and neurological basis of bilingualism Different theoretical approaches from generative UG based models to constructivist usage based models are brought to bear on the nature of bilingual linguistic knowledge The end result is a compendium of the state of the art of a field that is in constant evolution and that is on an upward trajectory of discovery

Getting the Word Across G. Robert Jacks,1995-09-21 This volume gives pastors and worship leaders practical lessons in disciplined interpretive speech that will enhance the living quality of Scripture for listeners today Among other subjects Jacks discusses phrasing emphasis imagery vocal gesture pronunciation articulation and vocal control **Propaganda and the**

Ethics of Persuasion - Second Edition Randal Marlin,2013-09-30 This book develops a sophisticated account of propaganda and its intriguing history It begins with a brief overview of Western propaganda including Ancient Greek theories of rhetoric and traces propaganda s development through the Christian era the rise of the nation state World War I Nazism Communism and the present day The core of the book examines the ethical implications of various forms of persuasion not only hate propaganda but also insidious elements of more generally acceptable communication such as advertising public relations and government information setting these in the context of freedom of expression This new edition is updated throughout and includes additional revelations about a key atrocity story of World War I **Black Flesh**

Matters Vincent L. Wimbush,2022-03-18 These essays written over more than thirty years of Vincent L Wimbush s career as a scholar provide a response to the nearly universal persistent and sedimented modern world hyper signification of Black flesh always needing to be framed humiliated policed and dirtied Because Wimbush is a scholar of religion as culture having to do with social practices and their psycho politics as regimes of knowledge discourse formation and power relations his ex centric transdisciplinary interest in scriptures has been viewed in some circles as controversial Yet it is Wimbush s linkage of the modern hyper signification of Black flesh leading to racialization and racism especially anti Black racism to the scriptural as shorthand for discourse and relations of power that makes this work compelling *Like Grapes of Gold Set in Silver* Knut Martin Heim,2012-10-25 Exegetical study of Proverbs 10 1 22 16 Proverbs are neither statements of this worldly cause and effect nor universally applicable doctrines of divine order Rather a proverb s meaning and truth are conditioned by the

context The author delimits sections which the editor s of the collection consciously grouped together in their present sequence He then examines how these literary arrangements both influence the meaning of the individual proverbs and determine their function in context Indexes of names passages and subjects are included **The Holy Bible: Book of Psalms-The Song of Solomon; The Gitagovinda, or, The Songs of Jayadeva** Adam Clarke,1825 The Holy Bible, Containing the Old and New Testaments, the Text Carefully Printed from the Most Correct Copies of the Present Authorized Translation, Including the Marginal Readings and Parallel Texts Adam Clarke,1825 Modern Communication Law Harvey L.
