Speedway And Short Track Racing:

Speedway and Short Track Racing Dave Lanning, 1974-01-01 Introduces the history of motorcycle racing the important races around the world and well known riders with a discussion of their techniques and the types of motorbikes they ride

The Historic Manzanita Speedway in Phoenix Larry Upton, Judy McDonald, Stock Car Racing Association, 2012-01-30 Phoenix's Manzanita Speedway the last of the big dirt tracks located near the central corridor of a major metropolitan area is now gone The track opened in the early 1950s when Jack Holloway president of the Arizona Jalopy Racing Association along with Avery Doyle and Gene Gunn set about convincing Rudy Everett and Larry Meskimen to convert their unprofitable dog racing operation into a quarter mile dirt track On August 25 1951 Everett and Meskimen beamed with excitement as Manzy opened to an overflowing crowd They had tapped into America's post World War II craze for automobiles and found their own Lost Dutchman Gold Mine in the process Manzanita Speedway dominated dirt track racing in Phoenix and was heralded as one of the top five dirt tracks in the United States Manzy became an integral part of the racing culture in Phoenix and its sale and closure in 2009 created a sense of lingering disappointment Dirt Track Auto Racing, 1919-1941 Don

Radbruch, 2004-02-06 Prior to World War I auto racing featured expensive machines and teams financed by auto factories The teams toured the country and most of the races were held in large cities so the vast majority of Americans never saw a race All this changed after World War I though and in the 1920s and 1930s there were approximately 1 000 dirt tracks in the United States and Canada The dirt tracks offered small time racing little prize money and minimal publicity but people loved it This pictorial history documents dirt track racing with what are today called sprint cars around the United States from 1919 to 1941 Information on dirt track racing in Canada during this time is also provided Regionally divided chapters detail the drivers tracks and specific races of each area of the country Some of the drivers went on to win fame and fortune while others faded into obscurity Tracks included well known facilities as well as out of the way sites few people had ever heard of The cars ranged from state of the art machines to the more common home built specials based on Model T or Model A Ford parts Taken together the drivers tracks and races of this era were instrumental in making auto racing the popular sport it is today
