Sugarmilk Falls:

Sugarmilk Falls Ilona Van Mil, 2005 Hidden among the glacial hills and lakes of the Canadian Shield lies Sugarmilk Falls a close knit community with the worst of secrets Everyone including the aging priest and the town's sole policeman who have their own reasons for concealing the facts remembers a different version of what really happened there over twenty years ago But secrets cannot stay buried forever As the thick snow of a winter's night sets in the inhabitants gather together induced by a questioning stranger to talk openly for the first time about the sinister events of the past Some think that it all began when Grand mere Osweken an Ojibwa shaman lost the maple forests on a gamble during a game of craps Others contend it goes further back to the arrival of the schoolteacher Marina Grochowska a newcomer with a tightly guarded past Or perhaps it really started years before that when the woodsman Zack Guillem discovered a curious powdery coating over an area of foliage in the bush Beautifully crafted and darkly compelling this is a remarkable debut that captures the spirit and repression of a blighted community as it slowly turns in on itself Sugarmilk Falls has earned comparisons with David Guterson's *Snow Falling on Cedars* as it similarly takes readers deep inside a community riven by prejudice and by the secrets of the past From the Hardcover edition

No Place to Fall Victor Saunders,2013-03-14 No Place to Fall is Victor Saunder s follow up to his Boardman Tasker Prize winning debut book Elusive Summits Covering three expeditions to familiar and unfamiliar ranges in Nepal the Karakoram and the Kumaon each shares the exhilaration of attempting new alpine style routes on terrifyingly committing mountains In 1989

Victor Saunders and Steve Sustad completed a difficult route on the West Face of Makalu II only to be brought to a storm bound halt above 7000 metres while descending Without food or bivouac gear they endured a tortuous descent after a night in the open Two years later the pair were with a small team in the Hunza valley exploring elusive access to a giant hidden pillar on the unvisited South East Face of Ultar one of the highest and most shapely of the world s unclimbed peaks Climbing at night to avoid being caught out by the torture of sun on ice they were a few pitches from the summit ridge on soft snow and rotten ice before equipment failure committed them to a dire descent In 1992 Victor Saunders was part of a joint Indian British team climbing various peaks in the Panch Chuli range and exploring its approaches from the west A happy and successful expedition narrowly avoided ending in tragedy when Stephen Venables broke both legs in a fall on the descent from Panch Chuli V and Chris Bonington survived another fall going to his aid The dramatic evacuation of Venables in which the author took a major part forms an exciting climax to a book which describes at first hand what it is like on the cutting edge of contemporary alpine style climbing in the world s highest mountains As well as exciting climbing action No Place to Fall offers enviable mountain exploration enriched by sharing the lives of the mountain peoples along the way Victor Saunders also casts a perceptive if bemused eye over his fellow climbers and reflects on the calculation of risk that drives them back year after year to chance their lives in high places
