*Sultans in Splendour : Monarchs of the Middle East, 1869-1945* Philip Mansel, 2000      **The Architects of Ottoman Constantinople** Alyson Wharton-Durgaryan, 2015-02-26 The Balyan family were a dynasty of architects builders and property owners who acted as the official architects to the Ottoman Sultans throughout the 18th and 19th centuries Originally Armenian the family is responsible for some of the most famous Ottoman buildings in existence many of which are regarded as masterpieces of their period including the Dolmabah e Palace built between 1843 and 1856 parts of the Topkap Palace the ra an Palace and the Ortak y Mosque Forging a unique style based around European contemporary architecture but with distinctive Ottoman flourishes the family is an integral part of Ottoman history As Alyson Wharton s beautifully illustrated book reveals the Balyan s own history of falling in and out of favour with increasingly autocratic Sultans serves as a record of courtly power in the Ottoman era and is uniquely intertwined with the history of Istanbul itself      **King of the World** Philip Mansel, 2020-09-01 Louis XIV was a man in pursuit of glory Not content to be the ruler of a world power he wanted the power to rule the world And for a time he came tantalizingly close Philip Mansel s *King of the World* is the most comprehensive and up to date biography in English of this hypnotic flawed figure who continues to captivate our attention This lively work takes Louis outside Versailles and shows the true extent of his global ambitions with stops in London Madrid Constantinople Bangkok and beyond We witness the importance of his alliance with the Spanish crown and his success in securing Spain for his descendants his enmity with England and his relations with the rest of Europe as well as Asia Africa and the Americas We also see the king s effect on the two great global diasporas of Huguenots and Jacobites and their influence on him as he failed in his brutal attempts to stop Protestants from leaving France Along the way we are enveloped in the splendor of Louis s court and the fascinating cast of characters who prostrated and plotted within it *King of the World* is exceptionally researched drawing on international archives and incorporating sources who knew the king intimately including the newly released correspondence of Louis s second wife Madame de Maintenon Mansel s narrative flair is a perfect match for this grand figure and he brings the Sun King s world to vivid life This is a global biography of a global king whose power was extensive but also limited by laws and circumstances and whose interests and ambitions stretched far beyond his homeland Through it all we watch Louis XIV progressively turn from a dazzling attractive young king to a belligerent reactionary who sets France on the path to 1789 It is a convincing and compelling portrait of a man who three hundred years after his death still epitomizes the idea of le grand monarque      *Operation Nemesis* Eric Bogosian, 2024-09-24 A masterful account of the assassins who hunted down the perpetrators of the Armenian Genocide set in the context of Ottoman and Armenian history A dramatic work of history that reads like a thriller Michael Bobelian Los Angeles Times In 1921 a tightly knit band of killers set out to avenge the deaths of almost one million victims of the Armenian Genocide They were a humble bunch an accountant a life insurance salesman a newspaper editor an engineering student and

a diplomat Together they formed one of the most effective assassination squads in history They named their operation Nemesis after the Greek goddess of retribution The assassins were survivors men defined by the massive tragedy that had devastated their people With operatives on three continents the Nemesis team killed six major Turkish leaders in Berlin Constantinople Tiflis and Rome only to disband and suddenly disappear The story of this secret operation has never been fully told until now Eric Bogosian goes beyond simply telling the story of this cadre of Armenian assassins by setting the killings in the context of Ottoman and Armenian history as well as showing in vivid color the era s history rife with political fighting and massacres Casting fresh light on one of the great crimes of the twentieth century and one of history s most remarkable acts of vengeance Bogosian draws upon years of research and newly uncovered evidence Operation Nemesis is the result both a riveting read and a profound examination of evil revenge and the costs of violence Absorbing reading Where it matters most he delivers in his gripping action accounts of Nemesis at work and in the sober assessment of its terrible aftermath Joseph Kanon New York Times Book Review Hitler asked Who remembers the Armenians Eric Bogosian that s who Read his potent action packed account of how a little known assassination plot harkens back to a world historical genocide and so will you Sarah Vowell author of *The Wordy Shipmates* and *Assassination Vacation*     **Architecture, Power and Religion in Lebanon** Ward Vloeberghs,2015-11-24 In *Architecture Power and Religion in Lebanon* Ward Vloeberghs explores Rafiq Hariri s patronage and his posthumous legacy to demonstrate how religious architecture becomes a site for power struggles in contemporary Beirut By tracing the 150 year long history of the Muhammad al Amin Mosque Lebanon s principal Sunni mosque and the subsequent development of the site as a commemoration venue this account offers a unique illustration of how architecture religion and power become discursively and visually entangled Set in a multi confessional society marked by social inequalities and political fragmentation this interdisciplinary study analyses how architectural practice and urban reconfigurations reveal a nascent personality cult communal mourning and the consolidation of political territory in relation to constantly shifting circumstances     *The Rough Guide to Turkey* Terry Richardson,Marc Dubin,2013-06-03 Now available in PDF format *The Rough Guide to Turkey* is the most comprehensive travel guide to this unique country straddling both Europe and Asia and bordering countries as diverse as Greece in the west and Iran in the east Alongside an array of stunning images you ll find insightful coverage of everything this country offers from the Mediterranean beaches that play host to nesting turtles to the soaring mountain ranges spangled with Alpine flowers from legendary ancient sites such as Troy to the exotic domed skyline of Byzantine and Ottoman era Istanbul You ll also find detailed advice in this book on how to travel through this vast and varied country Up to date descriptions of the best eating and drinking places hotels and shops suit all budgets And city maps help you navigate the fifteen million plus metropolis of Istanbul as well as smaller destinations such as the frontier settlement of Dogubeyazit in the shadow of biblical Mt Ararat Make the most of your time with *The Rough Guide to Turkey*     **Constantinople** Philip Mansel,2011-11-10 Philip Mansel s
