**The Defeat of the Zeppelins** Mick Powis, 2017-10-30 Mick Powis describes the novel threat posed to the British war effort by the raids of German airships or Zeppelins and the struggle to develop effective defenses against them Despite their size and relatively slow speed the Zeppelins were hard to locate and destroy at first They could fly higher than existing fighters and the early raids benefited from a lack of coordination between British services The development of radio better aircraft incendiary ammunition and above all a more coordinated defensive policy gradually allowed the British to inflict heavy losses on the Zeppelins The innovative use of seaplanes and planes

launched from aircraft carriers allowed the Zeppelins to be intercepted before they reached Britain and to strike back with raids on the Zeppelin sheds July 1918 saw the RAF and Royal Navy cooperate to destroy two Zeppelins in their base at Tondern the first attack by aircraft launched from a carrier deck The last Zeppelin raid on England came in August 1918 and resulted in the destruction of Zeppelin L70 and the death of Peter Strasser Commander of the Imperial German Navys Zeppelin force *Fishery Bulletin* ,2007 *When Summer is Gone* Chris Simon, London s East End 1930s Young docker Alfie Atwood was born into a poor but happy family and he was blessed with matinee idol good looks which draw people to him like moths to a flame His appearance and sunny disposition may be widely admired and even envied but he isn t as carefree as he seems and has bitter experience of a darker side to youth When his father Bill is killed in a dockside accident Alfie is forced to become the main breadwinner He and his mother Alice are horrified to find that Bill owed money to some bad people the notorious brothers Mosh and Solly Alexander They own the district and now they want the debt repaid A docker s weekly wage and the few shillings that Alice can scrape together are not nearly enough until Alfie s friend Frank whispers a solution in his ear Has the time come for the young man to use what Nature gave him to solve their problems And if he does won t he be letting himself in for a whole host of new ones **Zeppelin Inferno** Ian Castle,2022-05-31 At the beginning of 1916 as the world entered the second full year of global conflict the cities towns and villages of Britain continued to lay vulnerable to aerial bombardment Throughout that period German Zeppelin airships and seaplanes had come and gone at will their most testing opposition provided by the British weather as the country s embryonic defences struggled to come to terms with this first ever assault from the air Britain s civilians were now standing on the frontline the Home Front like the soldiers who had marched off to war But early in 1916 responsibility for Britain s aerial defence passed from the Admiralty to the War Office and as German air attacks intensified new ideas and plans made dramatic improvements to Britain s aerial defence capability While this new system could give early warning of approaching raiders there was a lack of effective weaponry with which to engage them when they arrived Behind the scenes however three individuals each working independently were striving for a solution The results of their work were spectacular it lifted the mood of the nation and dramatically changed the way this campaign was fought over Britain The German air campaign against Britain in the First World War was the first sustained strategic aerial bombing campaign in history Despite this it has become forgotten against the enormity of the Blitz of the Second World War although for those caught up in the tragedy of these raids the impact was every bit as devastating In *Zeppelin Inferno* Ian Castle tells the full story of the 1916 raids in unprecedented detail in what is the second book in a trilogy that will reveal the complete story of Britain s Forgotten Blitz **Arctic Bibliography** Arctic Institute of North America,1953 *The World's Work* ,1909 A history of our time [Airships in International Affairs 1890 - 1940](#) J.
