China Gu Ban, 1974 Pan Ku's celebrated and influential History of the Former Han has been a model for dynastic history since its appearance in the first century A.D. Burton Watson has translated ten chapters from the biography section including the lives of imperial princes, generals, officials, and some lesser figures. *Petrarch, Laura, and the Triumphs* Aldo S. Bernardo, 1974-06-30 All the Poems of John Robert Colombo John Robert Colombo, 2005 American and British Poetry Harriet Semmes Alexander, 1984 *First Well: a Bethlehem Boyhood* (p) Jabrā' Ibrāhīm Jabrā', 1995 The First Well is an engaging autobiographical account of Jabra's boyhood in Bethlehem where he was born in 1920 and later in Jerusalem where he moved as a teenager with his parents. Through the eyes and heart of a sensitive, highly imaginative boy, Jabra describes the first sources of his artistic sensibility: the houses, fields, and orchards of his childhood and the Christian, Muslim, and Jewish cultures of Bethlehem and Jerusalem. The First Well is the story of his intellectual and spiritual growth, nurtured and encouraged by his family, the Eastern Orthodox Church, and his teachers. His story is both captivatingly innocent and full of wisdom. Wordsworth's observation "The Child is father of the Man" is entirely apt as Jabra's literary and artistic interests take root and blossom. Here is a chronicle of the experiences and events he drew upon as he became one of the leading authors of the Arab world. *Search for Meaning* David Birnbaum, Martin S. Cohen, The Book of Deuteronomy depicts Moses addressing Israel before his own death as he imagines that some day in the future children will ask their parents to explain the meaning of the testimonies, statutes, and judgments of Deuteronomy 6:20 that are the foundation of the covenant that binds Israel to its God. He thus frames in specifically Jewish terms the same set of haunting intimations that all thoughtful people bring to the contemplation of their own lives and indeed to life itself: the sense that being alive can or should mean more than merely not being dead; that the contemplation of even the most banal features of daily life can yield rich insight about the nature of existence and the feeling that life itself can be understood as a kind of scrim that might allow us to see through it to the secrets and mysteries that lie beyond. That set of hopeful suppositions inspires moderns just as strongly and enticingly as it did the ancients. Yet the specific question of what it actually means for this or that part of life to mean anything at all other than what it overtly is or at least appears to be does not seem to have exerted anywhere near as siren a call on our ancient forebears as it does on us moderns. Still, as we seek meaning in the world and in our lives, it behooves us to ponder the meaning of meaning as well. These twin notions that life has meaning beyond what the casual observer can see easily and that the effort to uncover and decipher that meaning can be profound enough to be spiritually transformational have animated the contributors to this volume as their work demonstrates just how meaningful the search for meaning can be. Some have approached this from a spiritual point of view, grounding themselves in traditional biblical, talmudic, or mystical sources. Others have framed their efforts in political terms or in deeply personal ones. And still others have attempted to consider the issue through the lens of modern philosophical inquiry. But regardless of the specific perspective of any individual author, all have in common the deep-seated conviction that life bears meaning and that that meaning can best be discovered not by

spending a lifetime hoping for momentary satori but rather by standing on the shoulders of fellow travelers from earlier eras and from that slightly elevated vantage point seeing just a bit further than they could or did. For almost all of our authors then the search for meaning is best understood as an ongoing intergenerational effort that links the seekers of all ages to each other through the contemplation of earlier efforts to mine profundity and significance from the quarry of human life itself. It is at best a slow march forward. As readers will see from the Table of Contents the ancient Book of Kohelet has served several of our authors as the framework for their interpretive work. Kohelet is the Hebrew name of the biblical book also known as Ecclesiastes which name is derived from the Greek translation of the work. Others have chosen to grapple with the question Moses imagined future Jewish children eventually putting to their parents as they wondered what the commandments actually mean in terms of the larger picture of Israelite culture and Jewish life in our own day. Still others have addressed the search for meaning in life today by taking into account the question of human suffering considering the issue both generally as a philosophical challenge and³ Preface more specifically with reference to the Shoah. Taken all together the contributors to this volume have put forth the notion that life is ennobled not trivialized by the contemplative effort to seek meaning in the ebb and flow of life's experiences and particularly in those life experiences related to the service of God. And yet for all they are united in that conviction our authors in this volume of the Mesorah Matrix series are nonetheless a diverse group: older and younger women and men, North Americans and Israelis living at home and abroad, seasoned scholars and newly minted rabbis and teachers. They are teachers and researchers trained in different schools of thought and affiliated with different movements and institutions within the mosaic of Jewish life that characterizes the House of Israel as it enters by its own reckoning the final quarter of the twenty-first century. They are a varied lot, our authors. But in many ways they are all of them cut from the same cloth. Our authors work with the original sources and generally present them in their own translations. Citations of NJPS refer to the complete translation of Scripture first published under the title Tanakh: The Holy Scriptures by the Jewish Publication Society in Philadelphia in 1985. In this volume as in all books in the Mesorah Matrix series the four-letter name of God is generally represented by the Eternal or Eternal God. Authors who are specifically discussing the actual four-letter name on the other hand may occasionally depart from this usage in order to more clearly make the point of their argument. I would like to take this opportunity to acknowledge the other senior editors of the Mesorah Matrix series: David Birnbaum and Rabbi Benjamin Blech as well as Rabbi Saul J. Berman, our associate editor. They and our able staff have all supported me as I've labored to bring this volume to fruition and I am grateful to them all. As always I must also express my gratitude to the men and⁴ Martin S. Cohen, women and particularly to the lay leadership of the synagogue I serve as rabbi, the Shelter Rock Jewish Center in Roslyn, New York. Possessed of the unwavering conviction that their rabbi's book projects are part and parcel of his service to them and through them to the larger community of those interested in learning about Judaism through the medium of the well-written word, they are remarkably supportive of my literary efforts as author and editor. I am in

their debt and I am therefore very pleased to acknowledge that debt formally here and wherever I publish my own work or the work of others
