This is Volume III in the Complete Works of Philipp Melanchthon This new American English translation of Luther s 1528 Unterricht der Visitatoren an die Pfarrherrn im Kurf rstenthum zu Sachsen or Instructions for the Visitors of Parish Pastors in Electoral Saxony followed by his 1522 Enchiridion Together these make up his core works on the subject of education earning him the title given by Luther Germany s teacher The original German texts follow the English translation for easy reference and this edition contains a new Afterword by the Translator Melanchthon s 1522 Enchiridion sought to teach theology in the family home as a replacement for the state run religious institutions Named after Augustine s Enchiridion which in turn was named after Epictetus Enchiridion Melanchthon sought to provide an ethical foundation for Protestantism which was in disarray The rampant Antinomianism which rejected all legalism and stated there is no moral code to which Christians should adhere to caused a related problem for the reformation Knowledge of the Ten Commandments and the Old Testament was key to fixing this problem to Melanchthon so together with Luther they published extensive educational reforms and school material The Elector of Saxony saw this sorry state of affairs in Protestant Germany in terms of education and asked Luther to fix it Melanchthon took lead and issued this 1527 Instructions for the Visitors of Parish Pastors in Electoral Saxony and visited the local churches A great deal of Melanchthon s work was in the field of education leading to his title of Germany s teacher **The book-lover's enchiridion, thoughts, selected and arranged by Philobiblos** Book-lover,1883 **Enchiridion Theologicum Anti-Romanum. McGlasson,2015-10-02 The present volume is the third in a five volume study of church doctrine The multivolume set covers the major parts of church doctrine Canon God Creation Reconciliation and Redemption The first volume begins with an introduction to the entire project on why doctrine matters which stresses the ecumenical global and above all biblical horizons of church doctrine as a primary expression of Christian witness The second volume discusses the doctrine of God

The purpose of this third volume is to reaffirm the traditional church doctrine of Creation and yet to do so in a way that submits that tradition to the overruling overpowering authority of Scripture God the Creator according to the Bible owns the entire universe it does not belong to humankind We live in service of his covenant of grace but we do so along with our fellow creatures in a common vulnerability and finitude The volume addresses the question of how the church doctrine of Creation speaks to the manifold ecological crisis of our time Church doctrine is not a luxury but a necessity for the living community of faith by which its witness in word and deed is tested against the one true measure of Christ the risen Lord **The Magical**
